How to Draw Sea Turtle — Free Practice Sheets

ANSWER / CASE 1

sea turtle: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

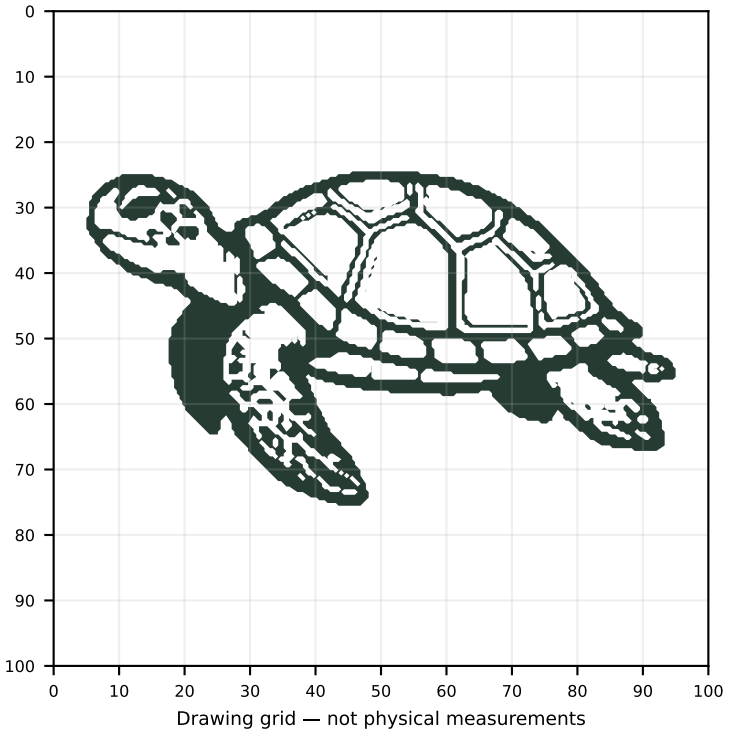

ANSWER: Example solution: preserve domed patterned shell with polygonal scutes, large front flippers with spotted texture, small rounded head with eye and beak-like mouth. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the domed shell outline and divide it into polygonal scute sections.
2. Sketch the small head extending to the left with an eye and beak shape.
3. Add the large front flippers sweeping downward and the smaller rear flippers.
4. Outline the neck and underside connecting head, shell, and flippers into one coherent body.

How to Draw Sea Turtle — Free Practice Sheets

ANSWER / CASE 2

sea turtle: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

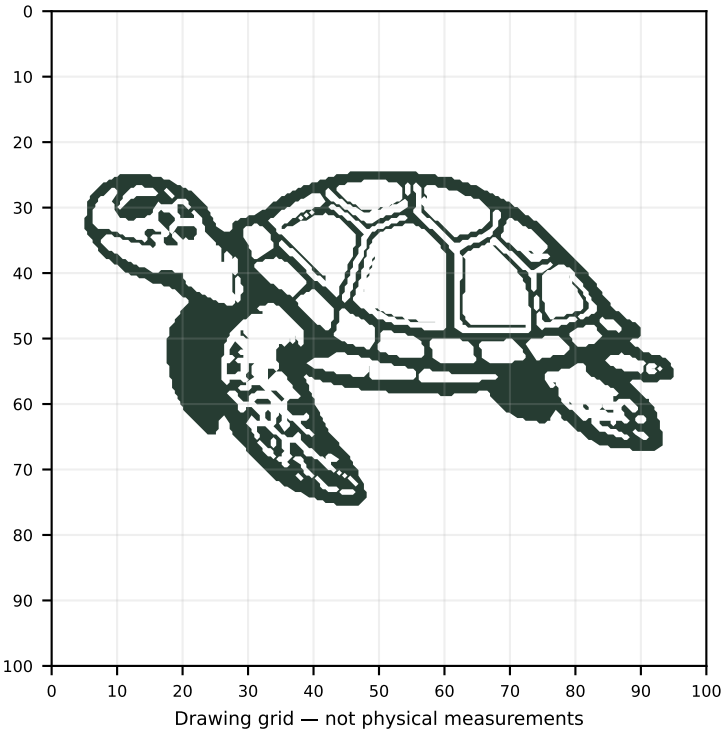

ANSWER: Example solution: preserve domed patterned shell with polygonal scutes, large front flippers with spotted texture, small rounded head with eye and beak-like mouth. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the domed shell outline and divide it into polygonal scute sections.
2. Sketch the small head extending to the left with an eye and beak shape.
3. Add the large front flippers sweeping downward and the smaller rear flippers.
4. Outline the neck and underside connecting head, shell, and flippers into one coherent body.

How to Draw Sea Turtle — Free Practice Sheets

ANSWER / CASE 3

sea turtle: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

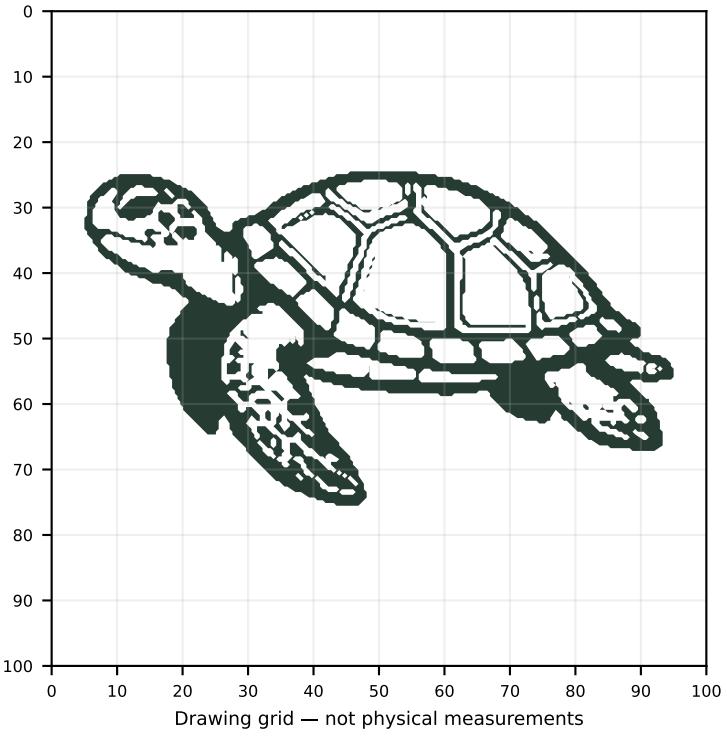

ANSWER: Example solution: preserve domed patterned shell with polygonal scutes, large front flippers with spotted texture, small rounded head with eye and beak-like mouth. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the domed shell outline and divide it into polygonal scute sections.
2. Sketch the small head extending to the left with an eye and beak shape.
3. Add the large front flippers sweeping downward and the smaller rear flippers.
4. Outline the neck and underside connecting head, shell, and flippers into one coherent body.

How to Draw Sea Turtle — Free Practice Sheets

ANSWER / CASE 4

sea turtle: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve domed patterned shell with polygonal scutes, large front flippers with spotted texture, small rounded head with eye and beak-like mouth. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the domed shell outline and divide it into polygonal scute sections.
2. Sketch the small head extending to the left with an eye and beak shape.
3. Add the large front flippers sweeping downward and the smaller rear flippers.
4. Outline the neck and underside connecting head, shell, and flippers into one coherent body.
