How to Draw Fly — Free Practice Sheets

REFERENCE / CASE 1

fly: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

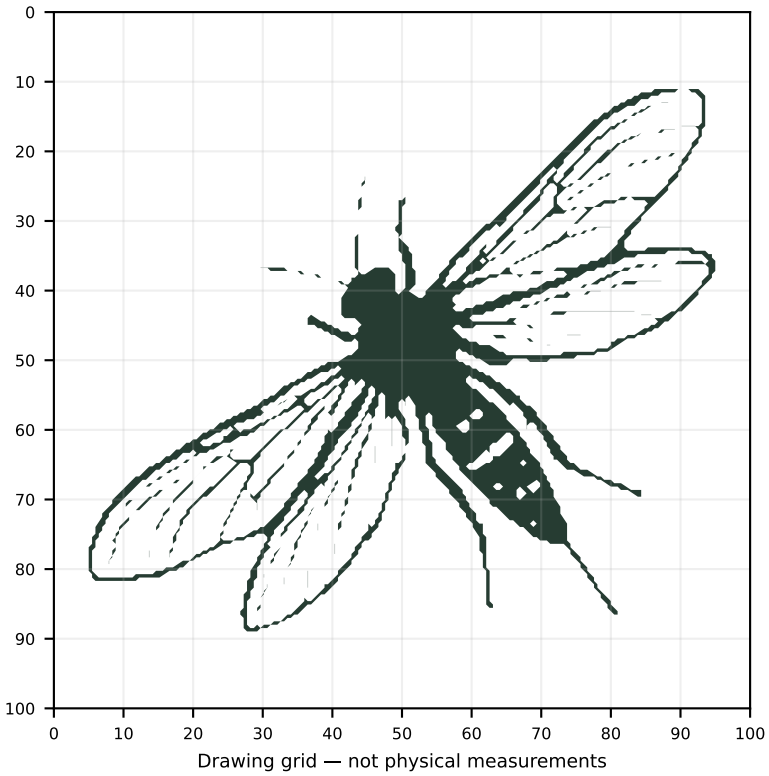

METHOD: Draw the central body as a dark oval thorax with a smaller rounded head at the front and a tapered segmented abdomen behind. Add two large wing shapes, one pair angled up-right and one pair angled down-left, and draw thin vein lines inside each wing. Attach short, thin legs to the thorax/abdomen region, keeping the visible count to the natural set shown. Outline the head with a large eye area and add short antennae, then darken the body while leaving the wings as line-only outlines.
Use the separate practice sheet before checking the answer.

How to Draw Fly — Free Practice Sheets

REFERENCE / CASE 2

fly: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

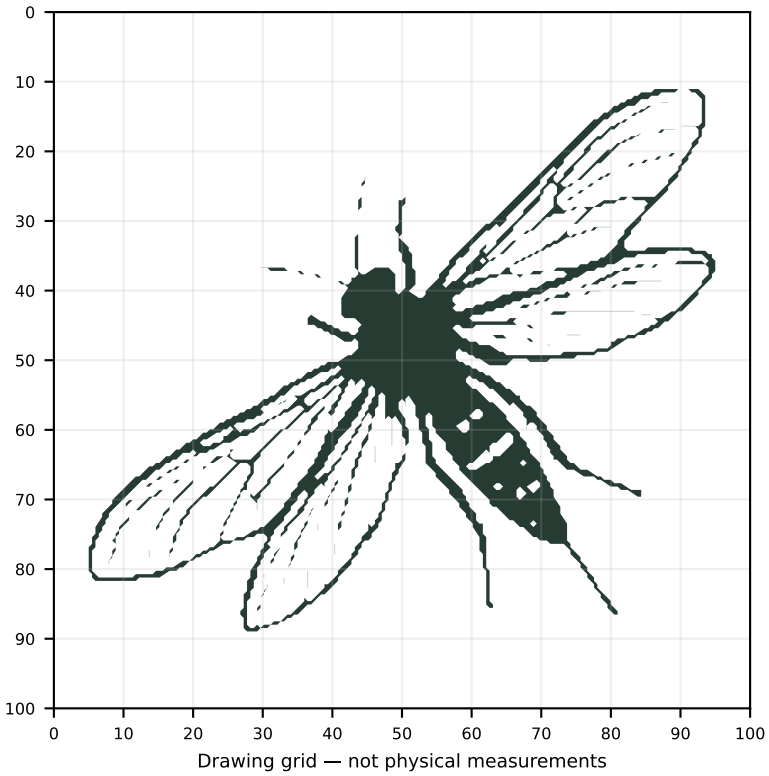

METHOD: Draw the central body as a dark oval thorax with a smaller rounded head at the front and a tapered segmented abdomen behind. Add two large wing shapes, one pair angled up-right and one pair angled down-left, and draw thin vein lines inside each wing. Attach short, thin legs to the thorax/abdomen region, keeping the visible count to the natural set shown. Outline the head with a large eye area and add short antennae, then darken the body while leaving the wings as line-only outlines.
Use the separate practice sheet before checking the answer.

How to Draw Fly — Free Practice Sheets

REFERENCE / CASE 3

fly: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

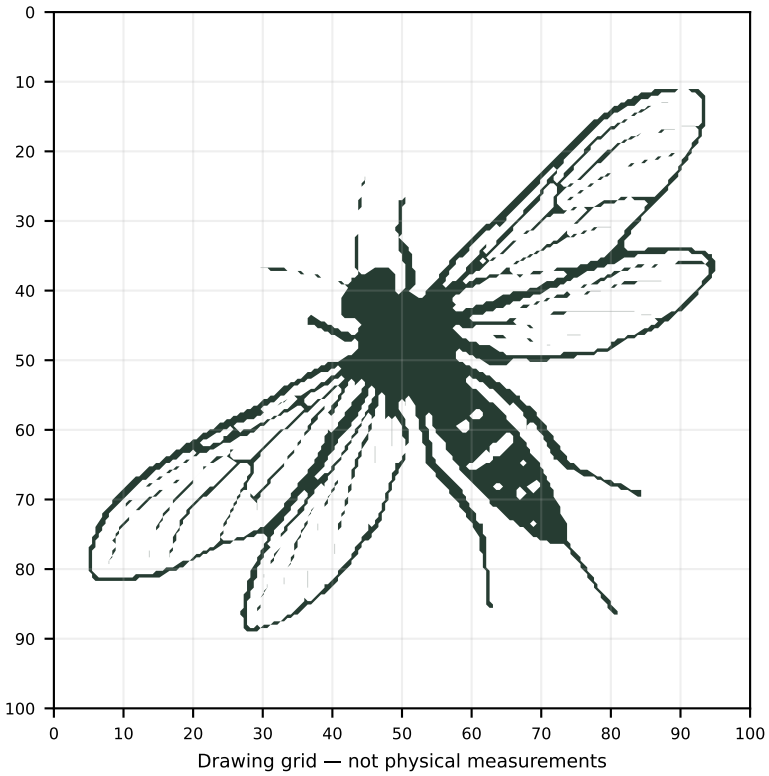

METHOD: Draw the central body as a dark oval thorax with a smaller rounded head at the front and a tapered segmented abdomen behind. Add two large wing shapes, one pair angled up-right and one pair angled down-left, and draw thin vein lines inside each wing. Attach short, thin legs to the thorax/abdomen region, keeping the visible count to the natural set shown. Outline the head with a large eye area and add short antennae, then darken the body while leaving the wings as line-only outlines.
Use the separate practice sheet before checking the answer.
