How to Draw Flying Squirrel — Free Practice Sheets

REFERENCE / CASE 1

flying squirrel: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

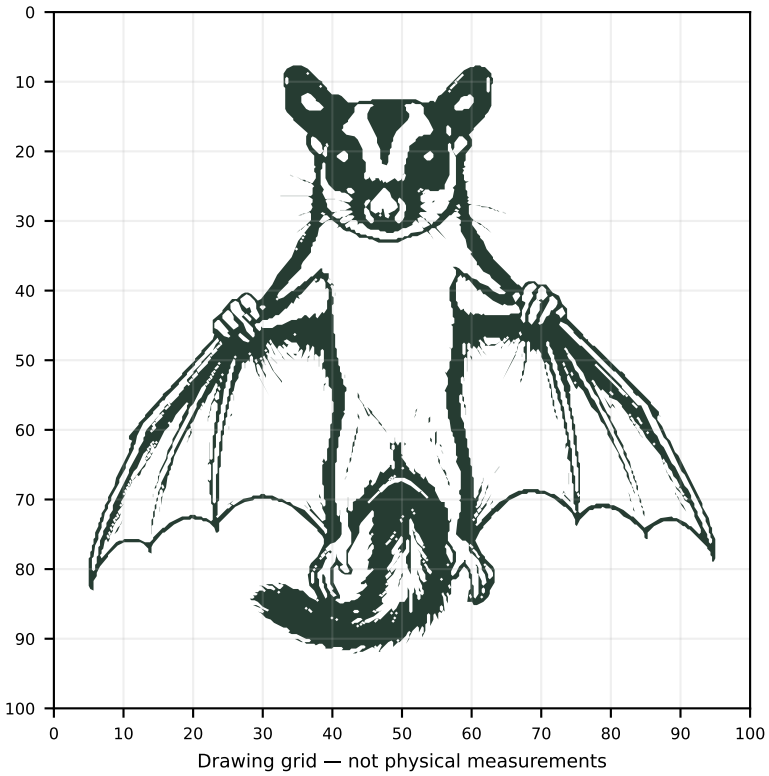

METHOD: Draw the head as a rounded oval with two pointed ears and large dark eyes. Sketch the torso and four limbs, then connect the wrists to the ankles with curved lines to form the gliding membrane. Add the flat bushy tail curving down from the rear. Outline the membrane edges and add fur strokes along the body and tail.
Use the separate practice sheet before checking the answer.
