How to Draw Platypus — Free Practice Sheets

REFERENCE / CASE 1

platypus: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

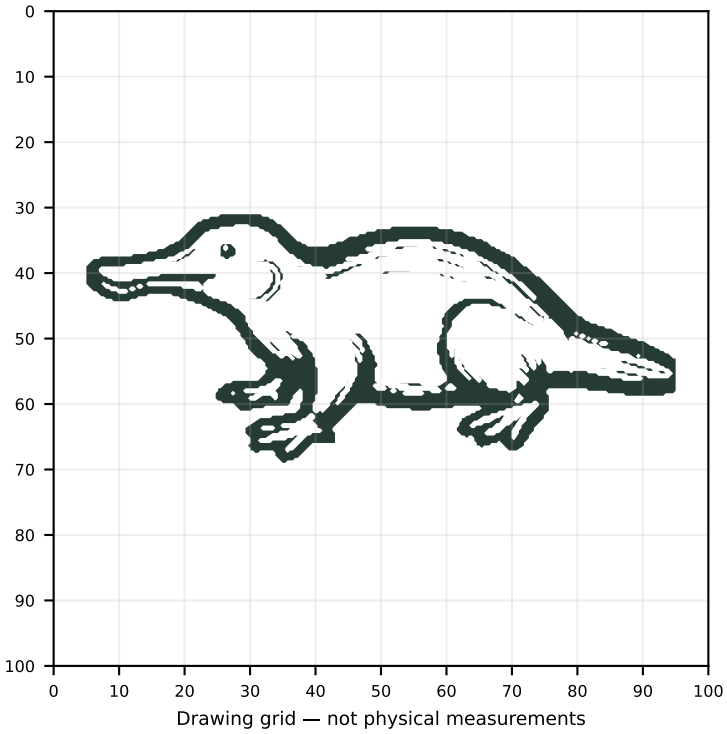

METHOD: Draw an elongated horizontal body outline with a rounded back and a low belly line. Attach a broad, flat duck-like bill to the front of the head and add a small eye above it. Extend a flat, tapering beaver-like tail from the rear of the body. Add two front legs and two rear legs with webbed feet, then outline the body with a thicker contour line. Use the separate practice sheet before checking the answer.
