How to Draw Squirrel — Free Practice Sheets

REFERENCE / CASE 1

squirrel: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

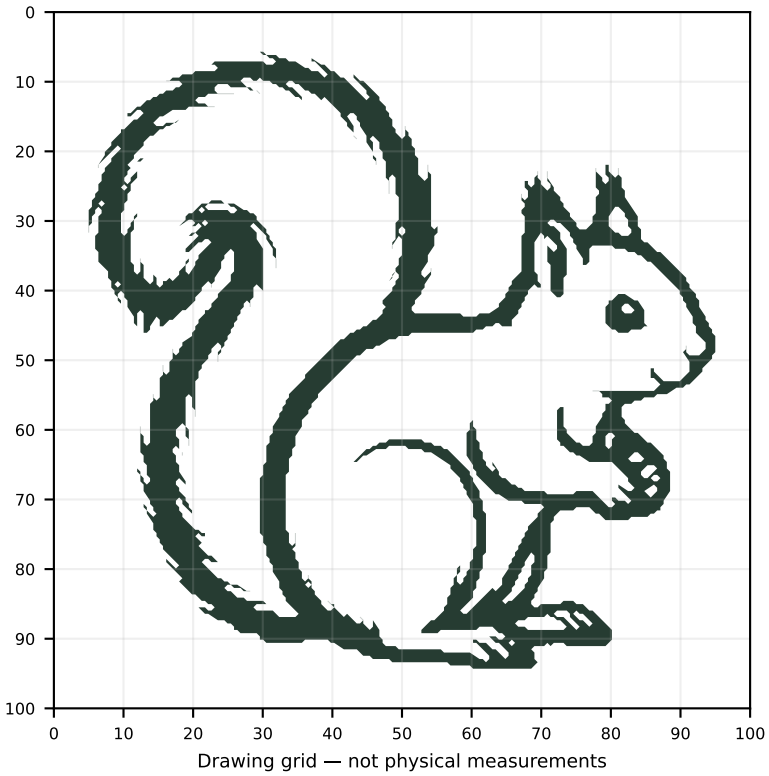

METHOD: Draw the large bushy tail as a thick curved shape sweeping up and over the back. Sketch the rounded body outline connected to the base of the tail, with a curved back line. Add the head with pointed ears, eye, and snout at the upper right of the body. Draw the front arms bent inward holding a small round nut, and add the visible hind leg and foot at the bottom.
Use the separate practice sheet before checking the answer.
