How to Draw Tiger — Free Practice Sheets

REFERENCE / CASE 1

tiger: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

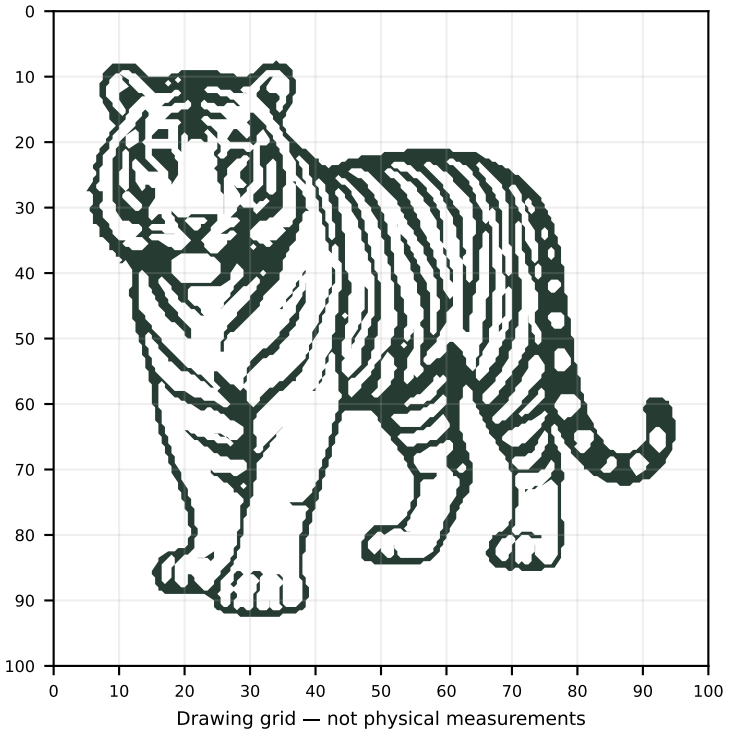

METHOD: Establish the overall silhouette by drawing the large head circle, the elongated torso oval, and the four leg columns. Add the tail as a sweeping curve from the rear of the torso, ending in a rounded tip. Draw the facial features: pointed ears, triangular nose, and the rounded muzzle outline. Fill the body with curved stripe lines that follow the form, using thick dark bands separated by thin light gaps.
Use the separate practice sheet before checking the answer.
