How to Draw Clouded Leopard — Free Practice Sheets

ANSWER / CASE 1

clouded leopard: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

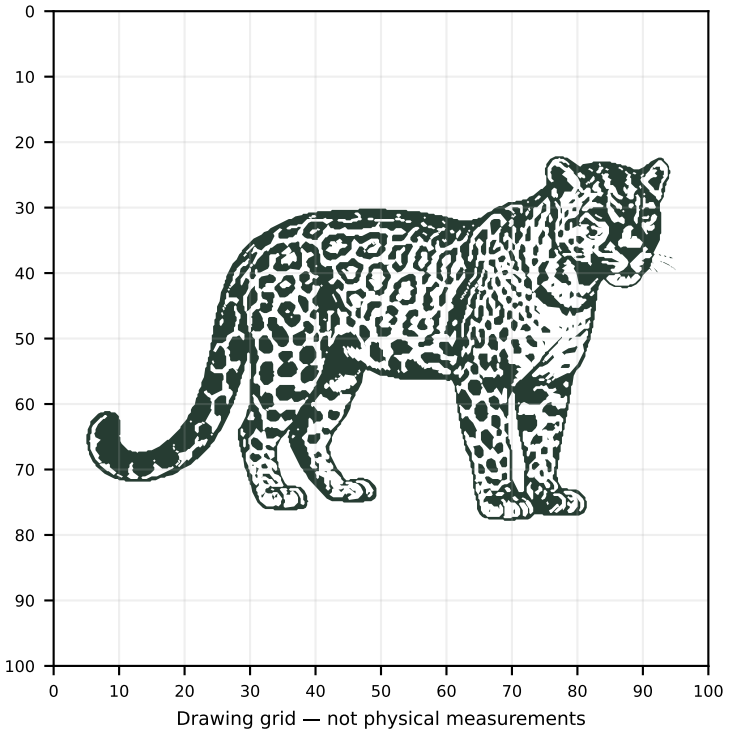

ANSWER: Example solution: preserve cloud-shaped rosette spots across the body, long curved tail with dark tip, stocky, low-slung body with thick legs. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the stocky torso as a horizontal oval with a slight dip along the back.
2. Add the head at the front with rounded ears and a short muzzle, then attach the thick neck to the torso.
3. Extend the long tail from the rear in a downward curve ending in a rounded tip.
4. Draw four legs under the body: two front legs and two hind legs, with paws resting on the ground.
