How to Draw Centipede — Free Practice Sheets

REFERENCE / CASE 1

centipede: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

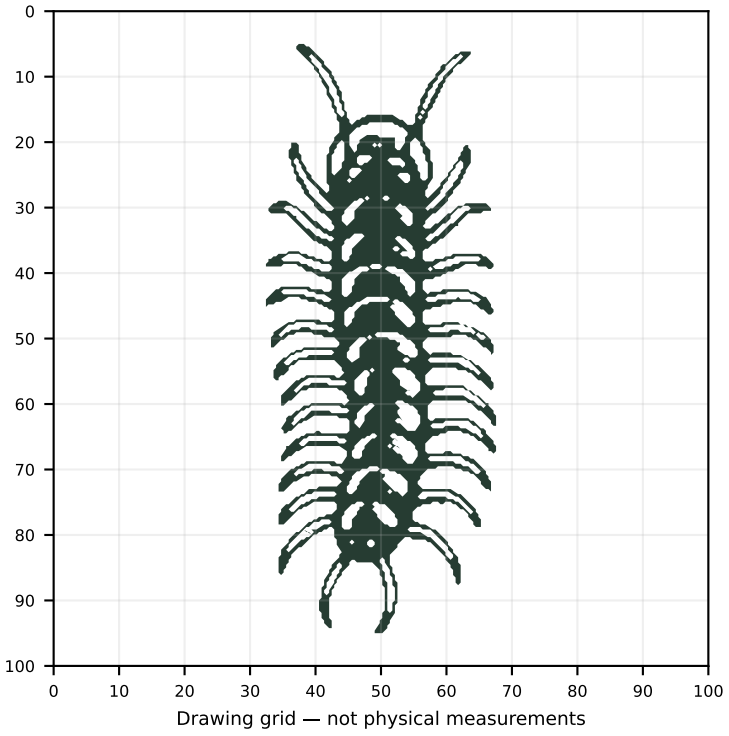

METHOD: Draw a long vertical oval for the body outline. Add a series of rounded segment plates down the center of the body. Attach curved, segmented legs in pairs along both sides of the body. Add two long antennae at the top and two tail appendages at the bottom.
Use the separate practice sheet before checking the answer.
