How to Draw Cobra — Free Practice Sheets

REFERENCE / CASE 1

cobra: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

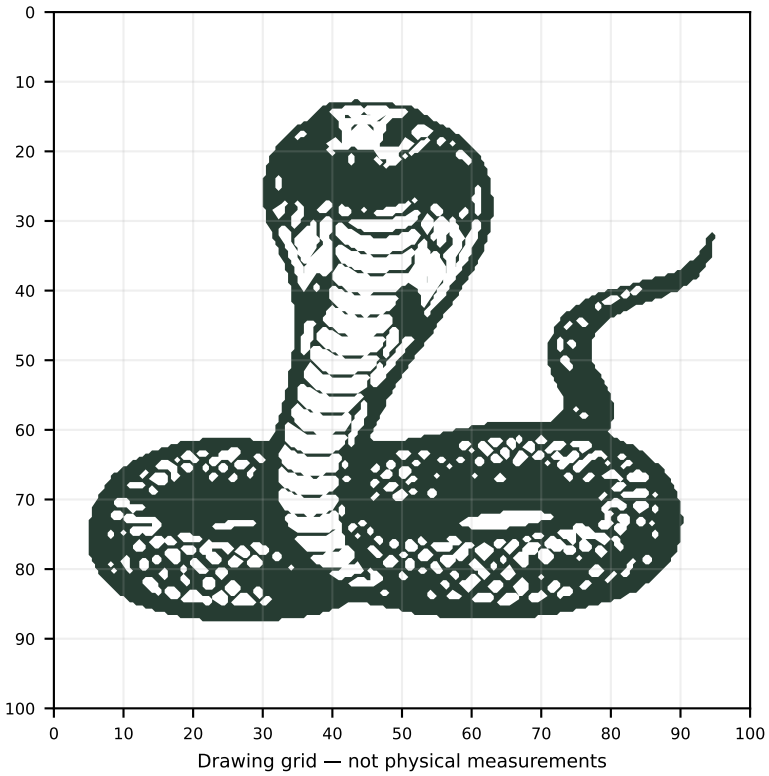

METHOD: Draw the flared hood as a rounded, symmetrical shape with the head at the top center. Extend a raised, slightly curved neck downward from the hood, adding horizontal band lines for the ventral scales. Draw the lower body as two overlapping coils beneath the neck, using a rounded loop shape. Add a thin, curved tail extending up and to the right from the rear coil, then outline the scale pattern.
Use the separate practice sheet before checking the answer.

How to Draw Cobra — Free Practice Sheets

REFERENCE / CASE 2

cobra: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

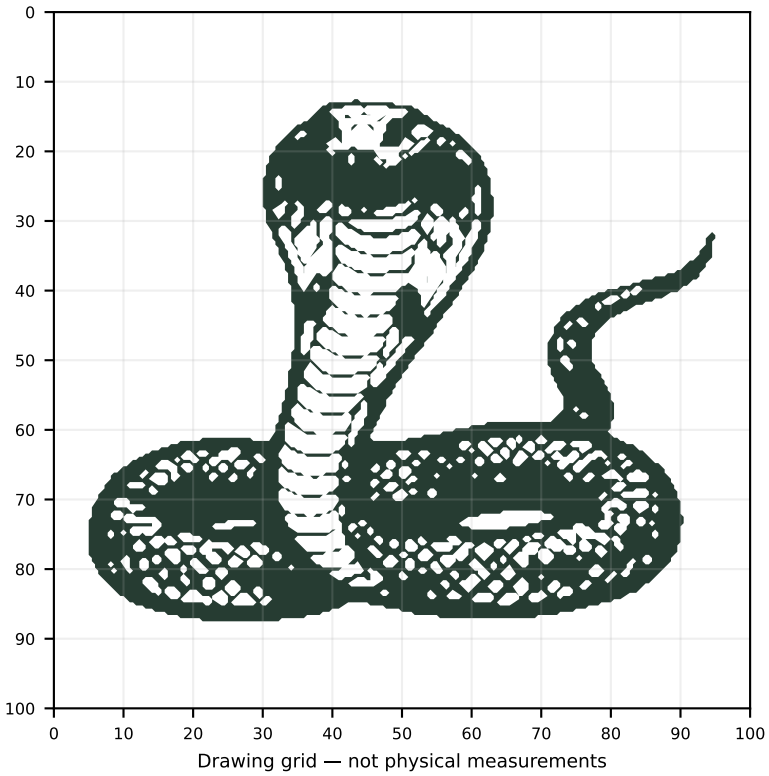

METHOD: Draw the flared hood as a rounded, symmetrical shape with the head at the top center. Extend a raised, slightly curved neck downward from the hood, adding horizontal band lines for the ventral scales. Draw the lower body as two overlapping coils beneath the neck, using a rounded loop shape. Add a thin, curved tail extending up and to the right from the rear coil, then outline the scale pattern.
Use the separate practice sheet before checking the answer.

REFERENCE / CASE 3

cobra: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

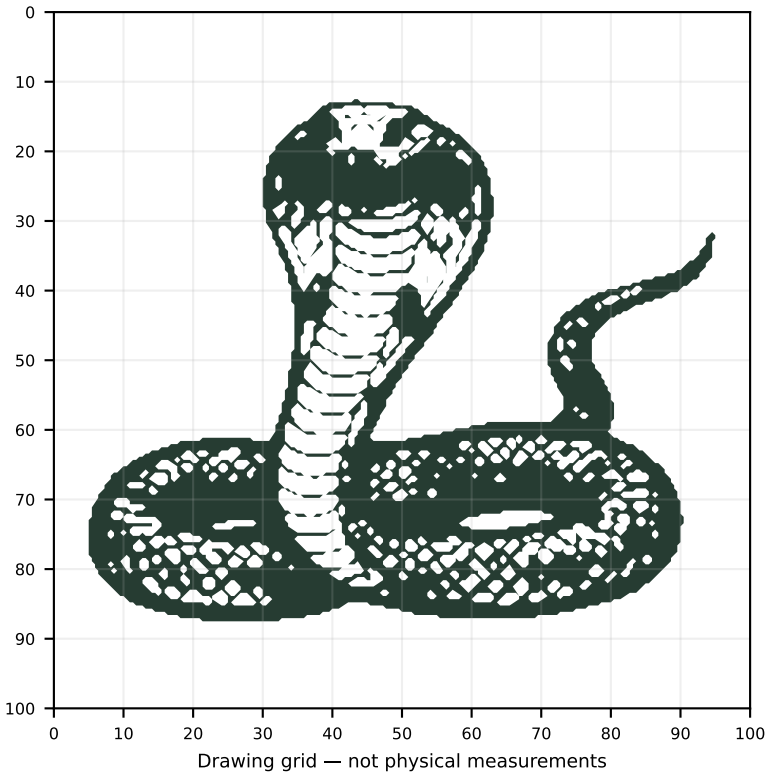

METHOD: Draw the flared hood as a rounded, symmetrical shape with the head at the top center. Extend a raised, slightly curved neck downward from the hood, adding horizontal band lines for the ventral scales. Draw the lower body as two overlapping coils beneath the neck, using a rounded loop shape. Add a thin, curved tail extending up and to the right from the rear coil, then outline the scale pattern.
Use the separate practice sheet before checking the answer.

How to Draw Cobra — Free Practice Sheets

REFERENCE / CASE 4

cobra: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the flared hood as a rounded, symmetrical shape with the head at the top center. Extend a raised, slightly curved neck downward from the hood, adding horizontal band lines for the ventral scales. Draw the lower body as two overlapping coils beneath the neck, using a rounded loop shape. Add a thin, curved tail extending up and to the right from the rear coil, then outline the scale pattern.
Use the separate practice sheet before checking the answer.
