How to Draw Cricket — Free Practice Sheets

REFERENCE / CASE 1

cricket: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

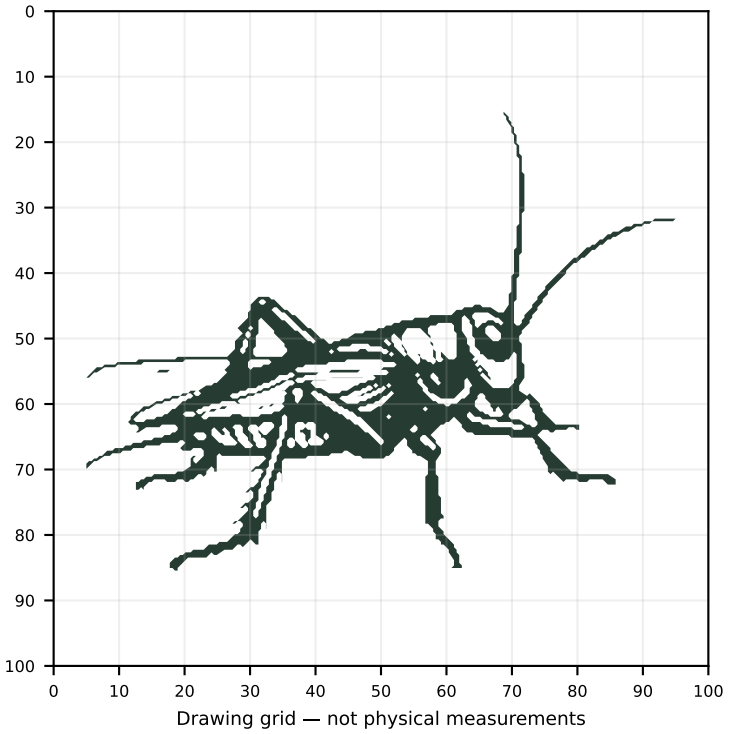

METHOD: Draw the elongated oval body with a distinct head, pronotum, and abdomen, then add the folded wing shape over the back. Add two long antennae from the head and the large eye. Draw the six legs: two short front legs, two middle legs, and two long hind legs with visible spines. Outline the leg segments and body with clean lines, then add simple shading to define the wing veins and body segments.
Use the separate practice sheet before checking the answer.
