How to Draw Lanternfish — Free Practice Sheets

REFERENCE / CASE 1

lanternfish: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

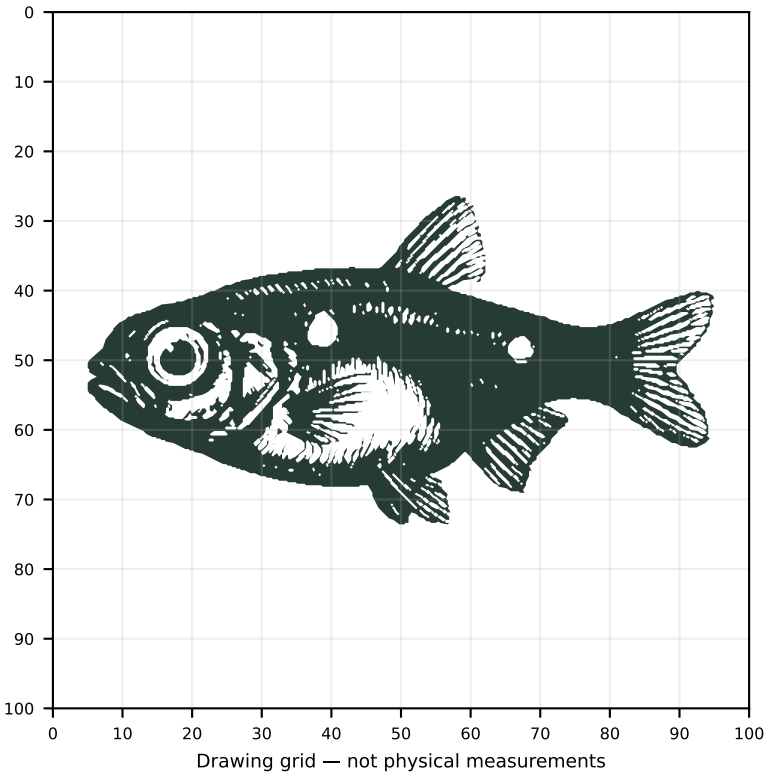

METHOD: Draw the compact, deep oval body outline with a rounded head and tapering tail. Add the large circular eye near the front of the head and the small mouth. Sketch the small dorsal, pectoral, pelvic, anal, and caudal fins attached to the body. Mark the round photophores along the lower belly and flank, then add line shading for the dark body.
Use the separate practice sheet before checking the answer.
