How to Draw Monkey — Free Practice Sheets

ANSWER / CASE 1

monkey: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

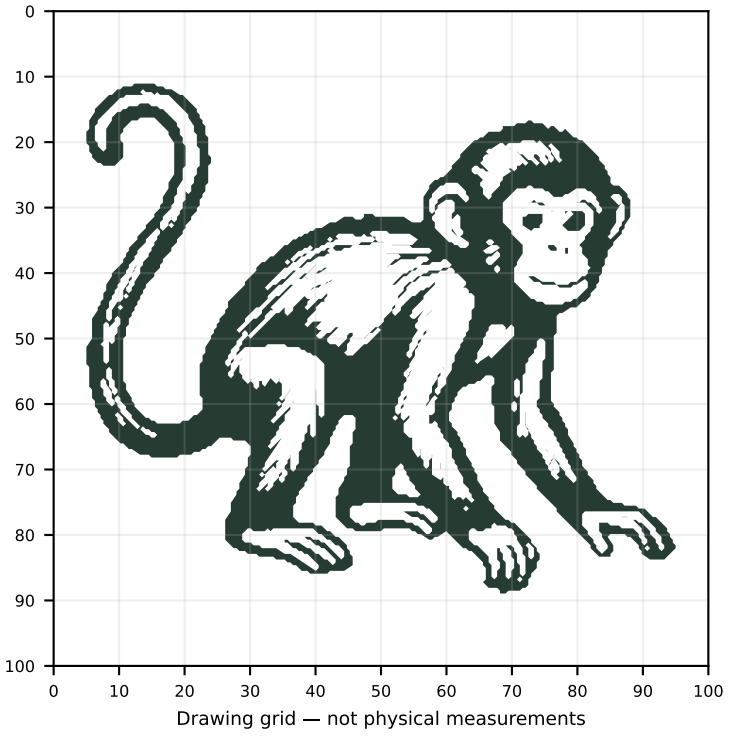

ANSWER: Example solution: preserve long curling tail arcing up and back, rounded head with large protruding ears, long forelimbs reaching to the ground. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the torso and a smaller circle for the head, connecting them with a short neck.
2. Add the rounded ears on each side of the head and sketch the facial features (eyes, nose, mouth) within the head circle.
3. Draw the long forelimbs extending downward from the shoulders to the ground, and the hind legs bent beneath the body.
4. Attach the long tail starting from the rear, curving it upward and curling the tip, then add fur texture lines.

ANSWER / CASE 3

monkey: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

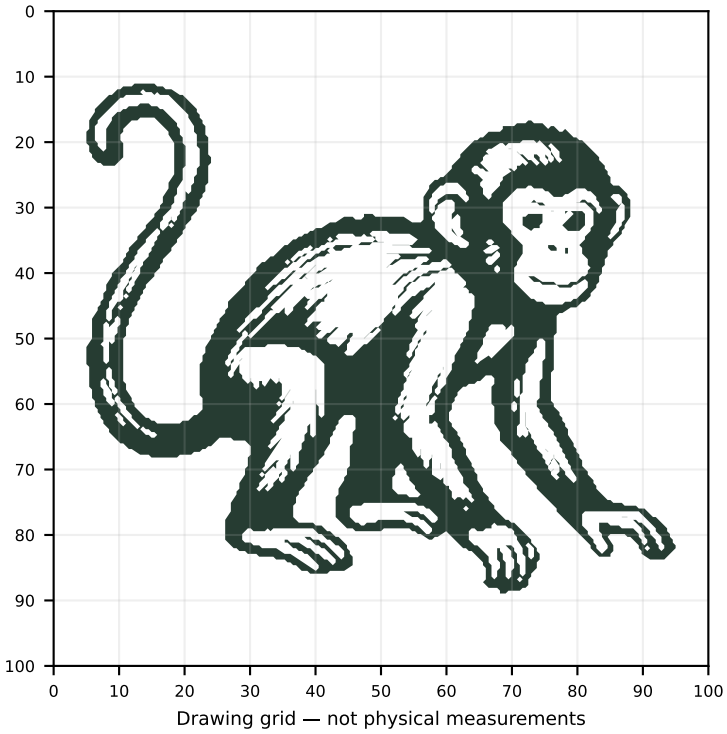

ANSWER: Example solution: preserve long curling tail arcing up and back, rounded head with large protruding ears, long forelimbs reaching to the ground. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the torso and a smaller circle for the head, connecting them with a short neck.
2. Add the rounded ears on each side of the head and sketch the facial features (eyes, nose, mouth) within the head circle.
3. Draw the long forelimbs extending downward from the shoulders to the ground, and the hind legs bent beneath the body.
4. Attach the long tail starting from the rear, curving it upward and curling the tip, then add fur texture lines.

How to Draw Monkey — Free Practice Sheets

ANSWER / CASE 4

monkey: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve long curling tail arcing up and back, rounded head with large protruding ears, long forelimbs reaching to the ground. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the torso and a smaller circle for the head, connecting them with a short neck.
2. Add the rounded ears on each side of the head and sketch the facial features (eyes, nose, mouth) within the head circle.
3. Draw the long forelimbs extending downward from the shoulders to the ground, and the hind legs bent beneath the body.
4. Attach the long tail starting from the rear, curving it upward and curling the tip, then add fur texture lines.
