How to Draw Eel — Free Practice Sheets

REFERENCE / CASE 1

eel: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

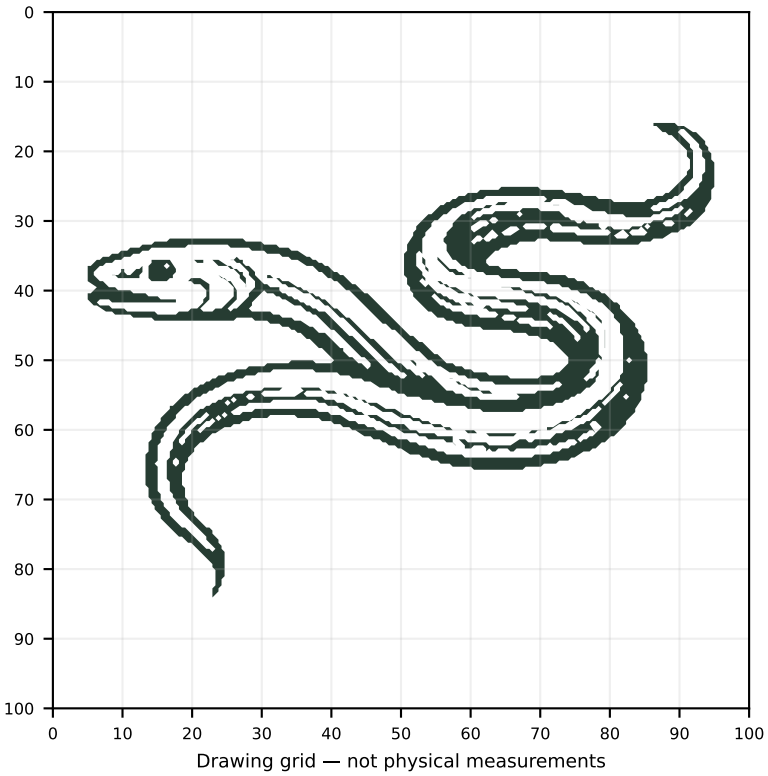

METHOD: Draw a long S-shaped centerline for the body, tapering toward the tail. Sketch a small pointed head at the left end with an eye and mouth line. Add a continuous dorsal fin ridge along the top edge of the body. Outline the body thickness and tail tip, then refine the fin and head details.
Use the separate practice sheet before checking the answer.

How to Draw Eel — Free Practice Sheets

REFERENCE / CASE 2

eel: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

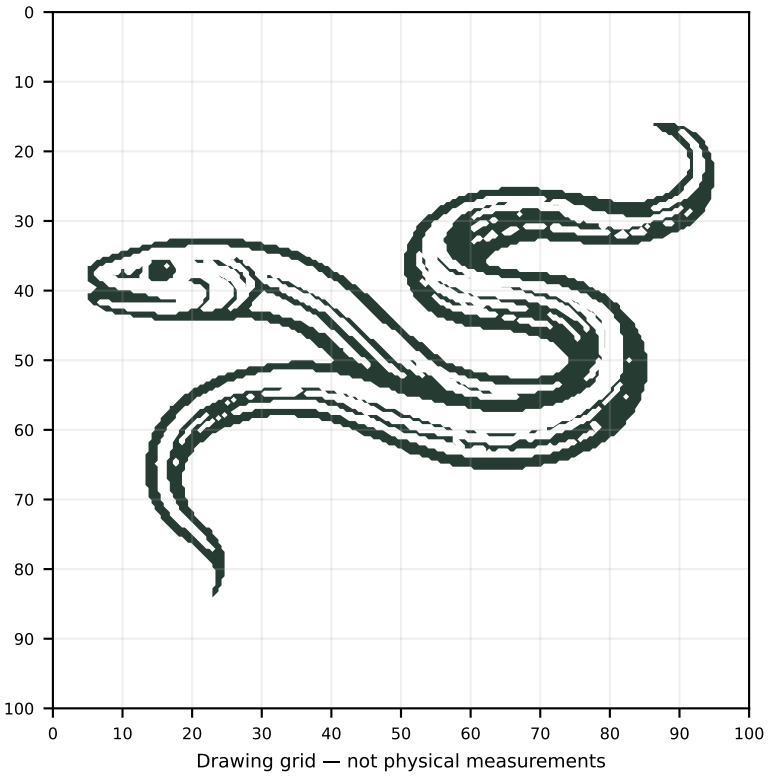

METHOD: Draw a long S-shaped centerline for the body, tapering toward the tail. Sketch a small pointed head at the left end with an eye and mouth line. Add a continuous dorsal fin ridge along the top edge of the body. Outline the body thickness and tail tip, then refine the fin and head details.
Use the separate practice sheet before checking the answer.

How to Draw Eel — Free Practice Sheets

REFERENCE / CASE 3

eel: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

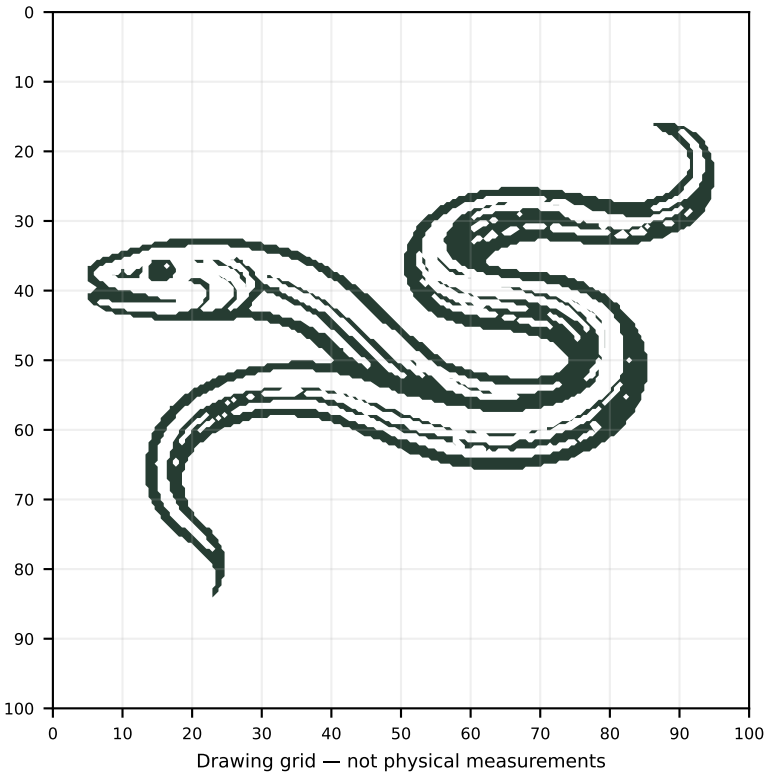

METHOD: Draw a long S-shaped centerline for the body, tapering toward the tail. Sketch a small pointed head at the left end with an eye and mouth line. Add a continuous dorsal fin ridge along the top edge of the body. Outline the body thickness and tail tip, then refine the fin and head details.
Use the separate practice sheet before checking the answer.

How to Draw Eel — Free Practice Sheets

REFERENCE / CASE 4

eel: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a long S-shaped centerline for the body, tapering toward the tail. Sketch a small pointed head at the left end with an eye and mouth line. Add a continuous dorsal fin ridge along the top edge of the body. Outline the body thickness and tail tip, then refine the fin and head details.
Use the separate practice sheet before checking the answer.
