How to Draw Starfish — Free Practice Sheets

REFERENCE / CASE 1

starfish: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

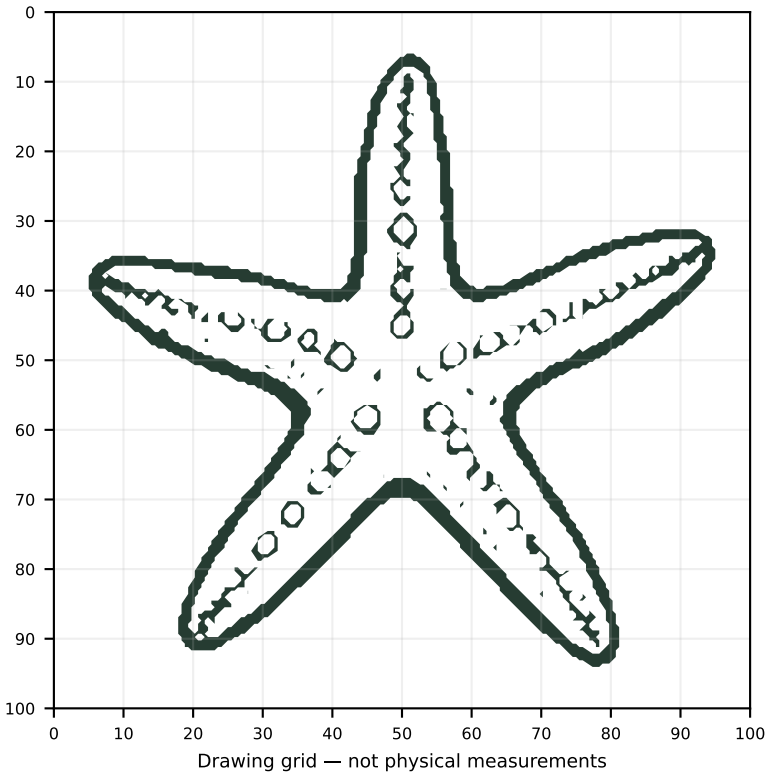

METHOD: Draw a small central pentagon or circle to mark the body center. Draw five tapering arms radiating outward from the center at roughly equal angles. Outline each arm with a thick border and add a row of small circles down the middle of each arm. Add dotted lines and small marks along the sides of the arms to suggest the textured surface.
Use the separate practice sheet before checking the answer.
