How to Draw Hippo — Free Practice Sheets

ANSWER / CASE 1

hippo: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

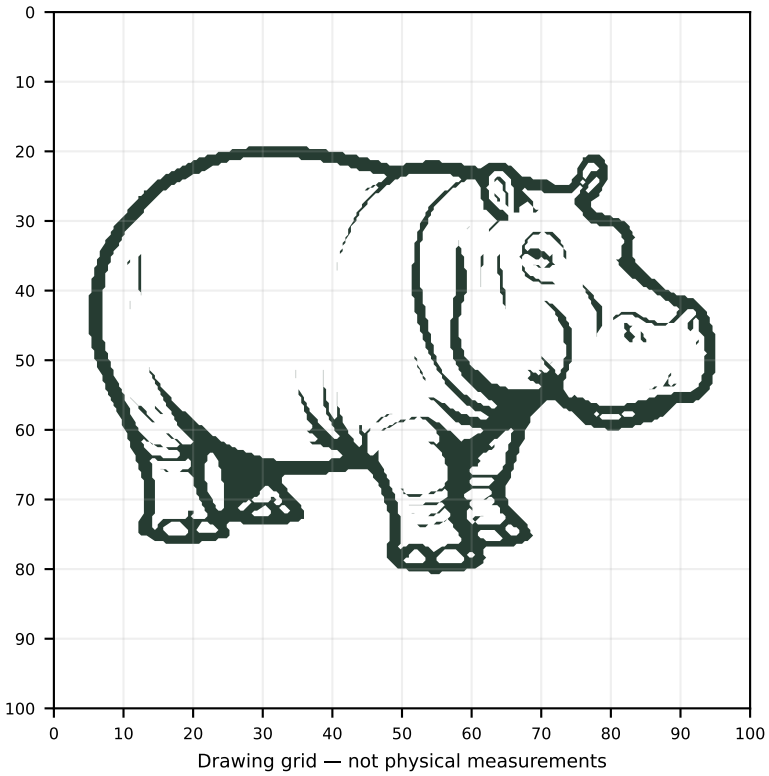

ANSWER: Example solution: preserve barrel-shaped body, wide flat snout, small round ears on top of head. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded barrel-shaped oval for the body, wider at the rear and tapering slightly toward the chest.
2. Add the head on the right: a broad, flat snout extending forward, with a rounded top skull and two small round ears on top.
3. Attach four short, thick legs beneath the body, with the front legs slightly forward and the rear legs under the hindquarters; show simple rounded feet.
4. Outline the neck folds and facial details (eye, nostril, mouth line) with clean contour lines, then erase interior construction guides.

ANSWER / CASE 3

hippo: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

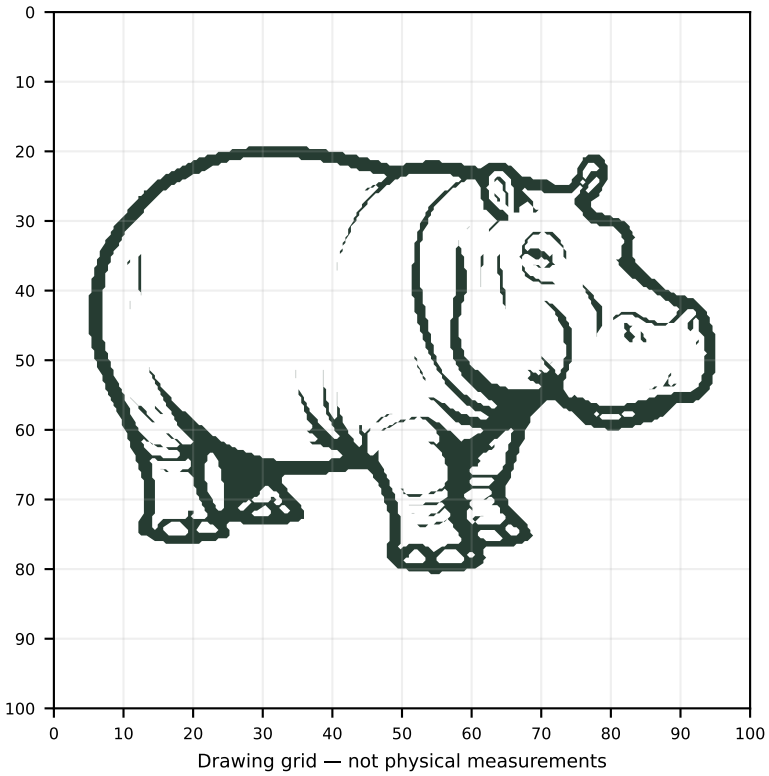

ANSWER: Example solution: preserve barrel-shaped body, wide flat snout, small round ears on top of head. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded barrel-shaped oval for the body, wider at the rear and tapering slightly toward the chest.
2. Add the head on the right: a broad, flat snout extending forward, with a rounded top skull and two small round ears on top.
3. Attach four short, thick legs beneath the body, with the front legs slightly forward and the rear legs under the hindquarters; show simple rounded feet.
4. Outline the neck folds and facial details (eye, nostril, mouth line) with clean contour lines, then erase interior construction guides.

How to Draw Hippo — Free Practice Sheets

ANSWER / CASE 4

hippo: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve barrel-shaped body, wide flat snout, small round ears on top of head. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded barrel-shaped oval for the body, wider at the rear and tapering slightly toward the chest.
2. Add the head on the right: a broad, flat snout extending forward, with a rounded top skull and two small round ears on top.
3. Attach four short, thick legs beneath the body, with the front legs slightly forward and the rear legs under the hindquarters; show simple rounded feet.
4. Outline the neck folds and facial details (eye, nostril, mouth line) with clean contour lines, then erase interior construction guides.
