How to Draw Frog — Free Practice Sheets

ANSWER / CASE 1

frog: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

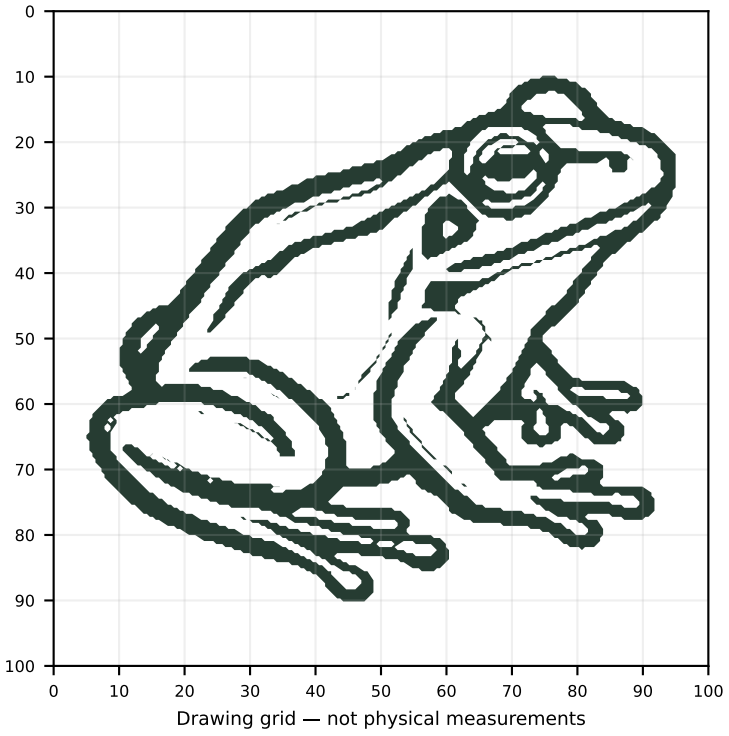

ANSWER: Example solution: preserve wide rounded body with a smooth back contour, large bulging eye on the near side of the head, long folded hind leg tucked along the lower left side. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the main body as a rounded teardrop/oval tilted upward toward the head.
2. Add the head outline with a large circular eye bulge and a small mouth line.
3. Attach the front leg on the right with a bent elbow and splayed toes.
4. Draw the folded hind leg along the lower left, then add the extended foot and toes beneath the body.
