How to Draw Manta Ray — Free Practice Sheets

REFERENCE / CASE 1

manta ray: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

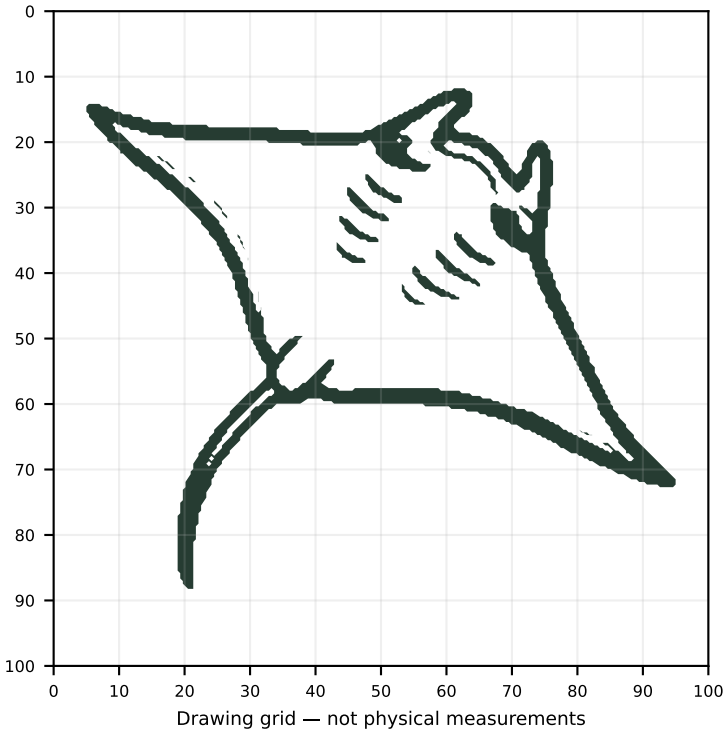

METHOD: Draw a wide diamond outline for the body, with the front narrower and the rear tapering. Extend the left and right side points into long, curved wing-like fins. Add the head region at the front with two small cephalic fin projections and a small eye. Draw a long thin tail curving down from the rear point, then add curved gill-slit lines on the body.
Use the separate practice sheet before checking the answer.
