How to Draw Porcupine — Free Practice Sheets

REFERENCE / CASE 1

porcupine: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

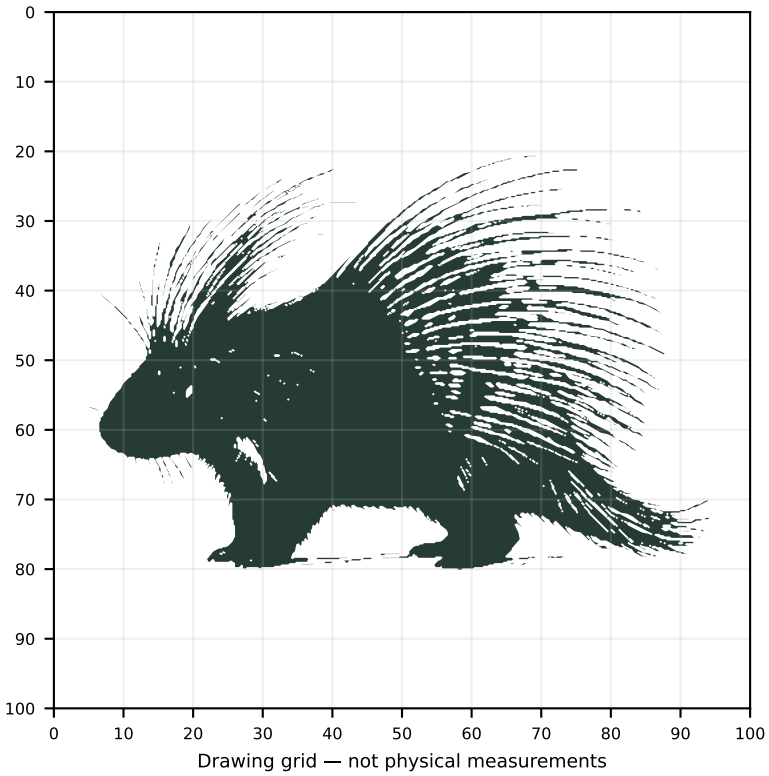

METHOD: Draw the heavy elongated body outline in side profile, starting with the blunt muzzle and rounded back. Add the small ear and facial features, then sketch the four sturdy legs with feet planted on the ground line. Draw the narrow tail extending from the rear. Layer the long straight quills in a high backward-sweeping fan over the head, neck, and back, plus shorter quills on the tail.
Use the separate practice sheet before checking the answer.
