How to Draw Monarch Caterpillar — Free Practice Sheets

REFERENCE / CASE 1

monarch caterpillar: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

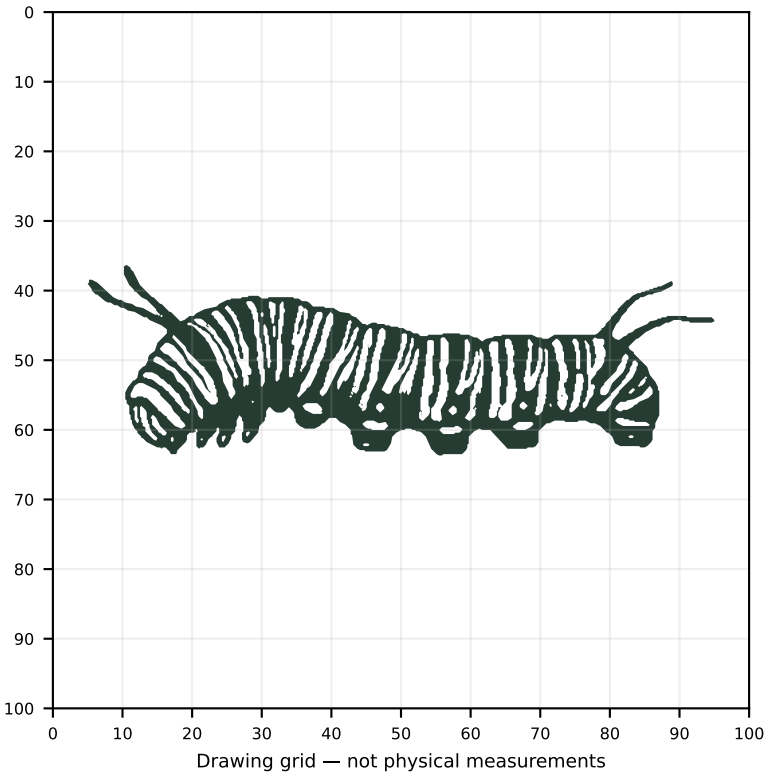

METHOD: Draw a long, slightly arched body outline with a rounded head at the left and a tapered rear at the right. Add two pairs of thin antenna-like filaments: one pair extending from the head and one pair from the rear. Divide the body into segments using curved vertical lines that follow the body contour. Add small prolegs along the underside and fill the band pattern with alternating dark and light stripes.
Use the separate practice sheet before checking the answer.

REFERENCE / CASE 3

monarch caterpillar: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

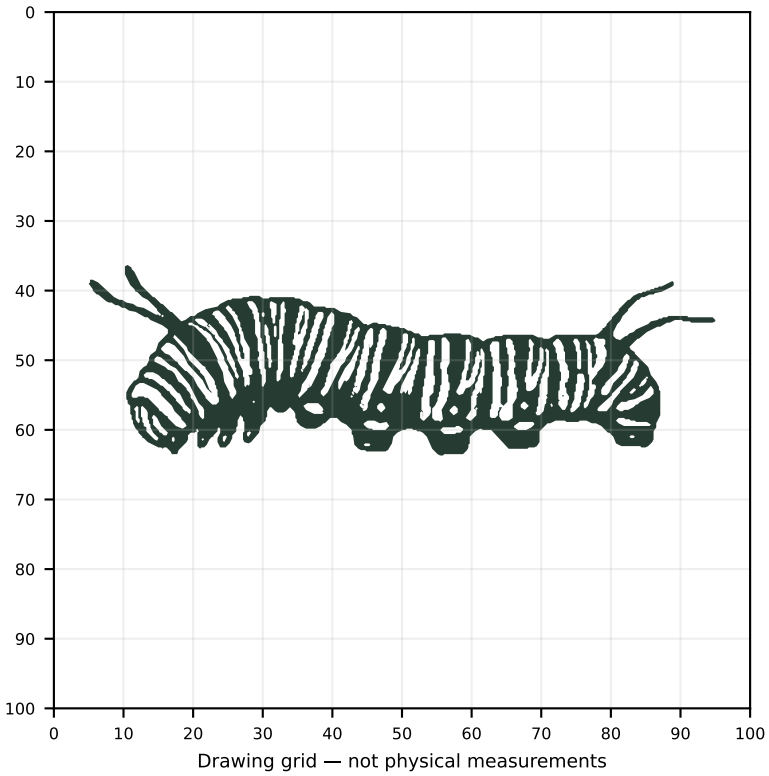

METHOD: Draw a long, slightly arched body outline with a rounded head at the left and a tapered rear at the right. Add two pairs of thin antenna-like filaments: one pair extending from the head and one pair from the rear. Divide the body into segments using curved vertical lines that follow the body contour. Add small prolegs along the underside and fill the band pattern with alternating dark and light stripes.
Use the separate practice sheet before checking the answer.

How to Draw Monarch Caterpillar — Free Practice Sheets

REFERENCE / CASE 4

monarch caterpillar: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a long, slightly arched body outline with a rounded head at the left and a tapered rear at the right. Add two pairs of thin antenna-like filaments: one pair extending from the head and one pair from the rear. Divide the body into segments using curved vertical lines that follow the body contour. Add small prolegs along the underside and fill the band pattern with alternating dark and light stripes.
Use the separate practice sheet before checking the answer.
