How to Draw Snail — Free Practice Sheets

REFERENCE / CASE 1

snail: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

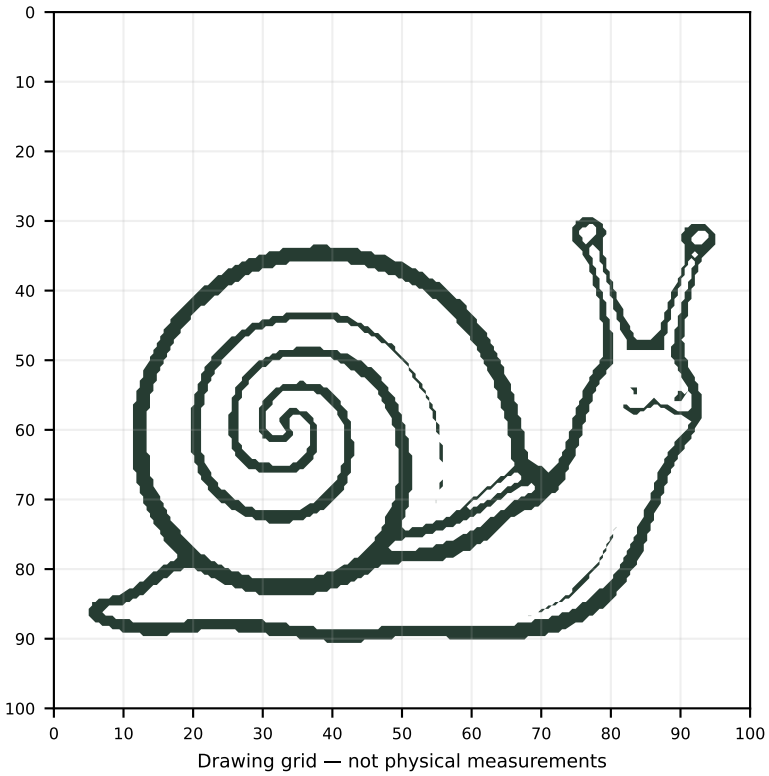

METHOD: Draw a large circle for the shell and add an inward spiral line. Sketch the elongated soft body as a low horizontal shape extending under the shell. Attach the head at the right end of the body and draw two upright tentacles with small circles at the tips. Add a simple smiling face and connect the shell to the body with a short neck line. Use the separate practice sheet before checking the answer.
