How to Draw Snow Crab — Free Practice Sheets

REFERENCE / CASE 1

snow crab: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

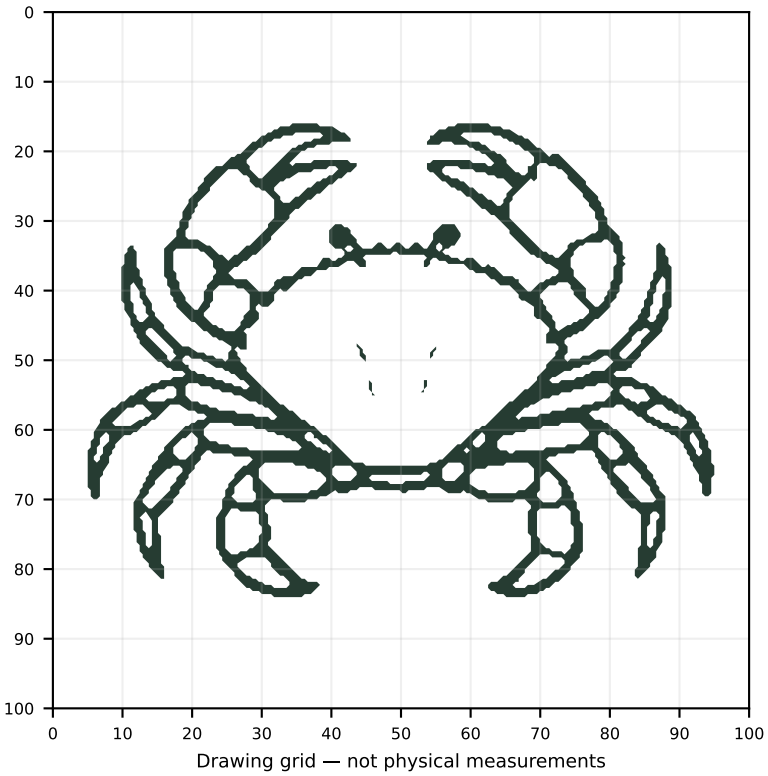

METHOD: Draw a wide, flat shell shape with a slightly bumpy top edge and two small eye stalks. Add the two large front claws on either side, using segmented lines for the arm and pincer. Draw the walking legs extending outward from the sides of the body, keeping them long and spindly with visible joints. Add simple interior lines on the shell for texture and finalize the outline.
Use the separate practice sheet before checking the answer.
