How to Draw Basilosaurus — Free Practice Sheets

REFERENCE / CASE 1

basilosaurus: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

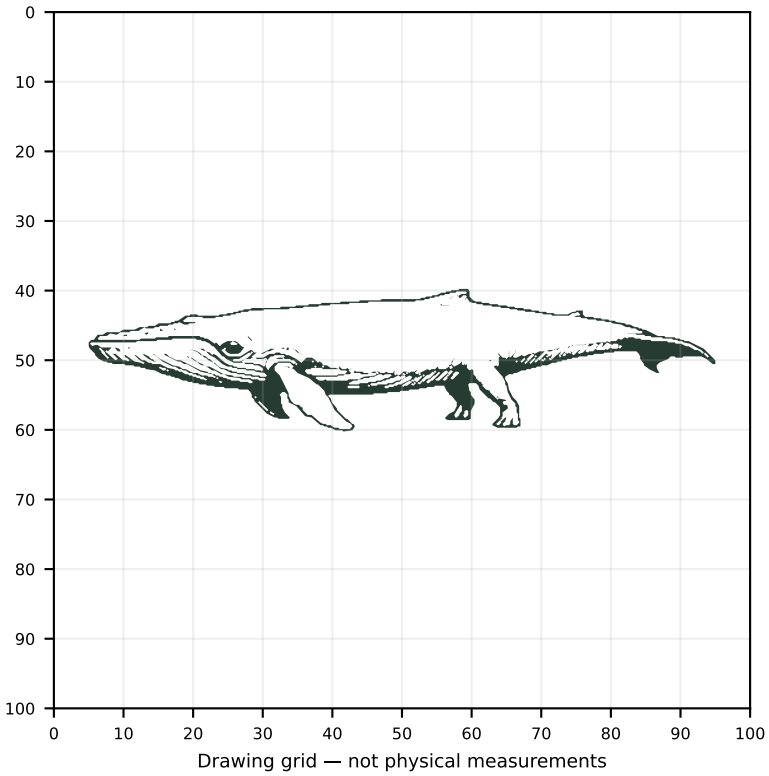

METHOD: Draw a long horizontal body outline that tapers at both ends, adding a small dorsal fin and tail fluke. Sketch the narrow elongated skull at the left end, marking the eye and mouth line. Add the front flippers below the body behind the head. Draw the small hind limbs near the tail base, then add line details for skin folds and shading.
Use the separate practice sheet before checking the answer.
