How to Draw Chicken — Free Practice Sheets

ANSWER / CASE 1

chicken: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

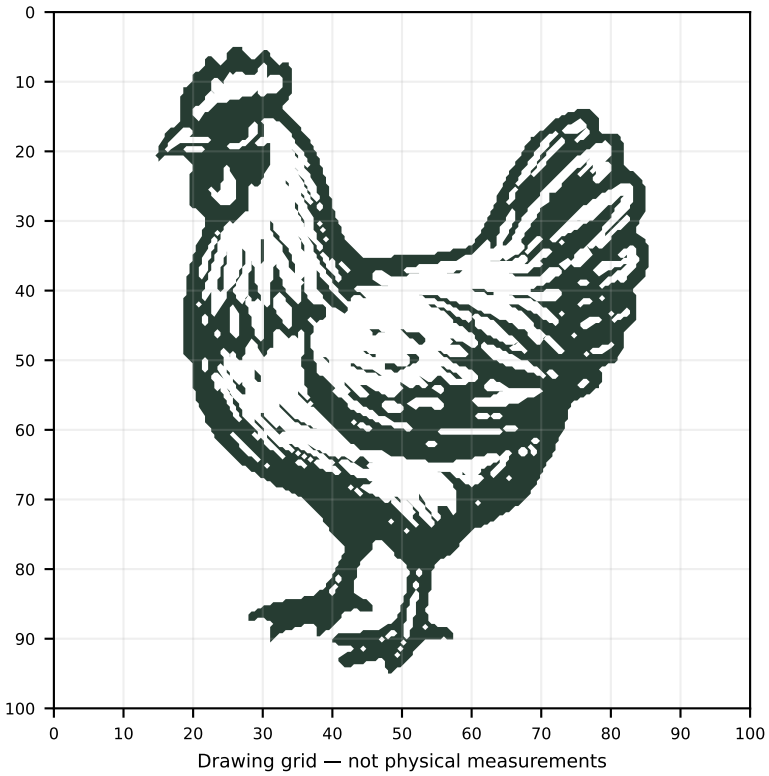

ANSWER: Example solution: preserve small serrated comb on top of head, pointed triangular beak, rounded body with large fan-shaped tail feathers. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw an oval for the rounded body and a smaller circle for the head.
2. Add the pointed beak and serrated comb on the head.
3. Sketch the large fan-shaped tail feathers extending from the back.
4. Draw two legs with feet below the body, then add feather texture lines.

How to Draw Chicken — Free Practice Sheets

ANSWER / CASE 2

chicken: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

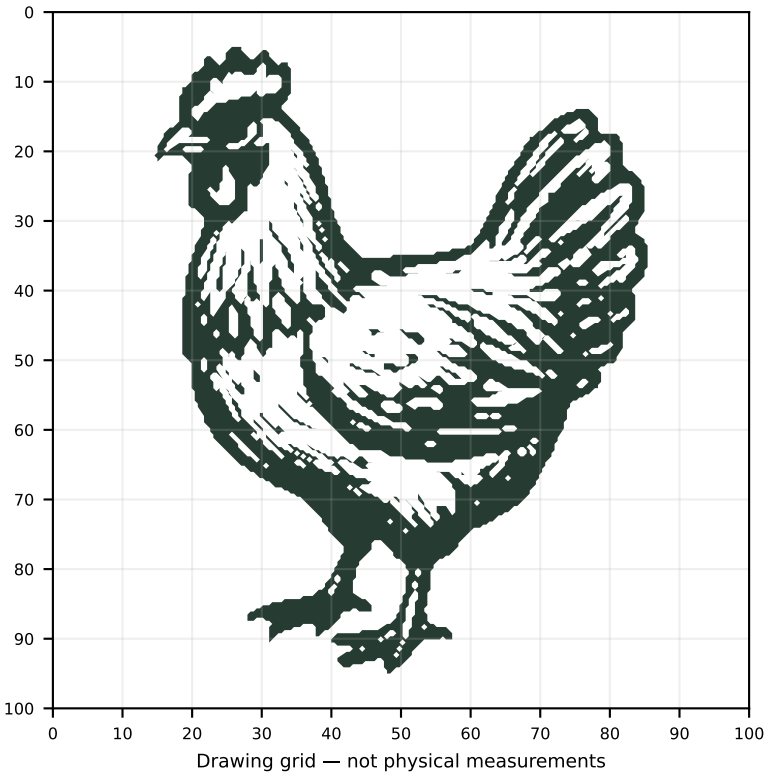

ANSWER: Example solution: preserve small serrated comb on top of head, pointed triangular beak, rounded body with large fan-shaped tail feathers. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw an oval for the rounded body and a smaller circle for the head.
2. Add the pointed beak and serrated comb on the head.
3. Sketch the large fan-shaped tail feathers extending from the back.
4. Draw two legs with feet below the body, then add feather texture lines.

How to Draw Chicken — Free Practice Sheets

ANSWER / CASE 3

chicken: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

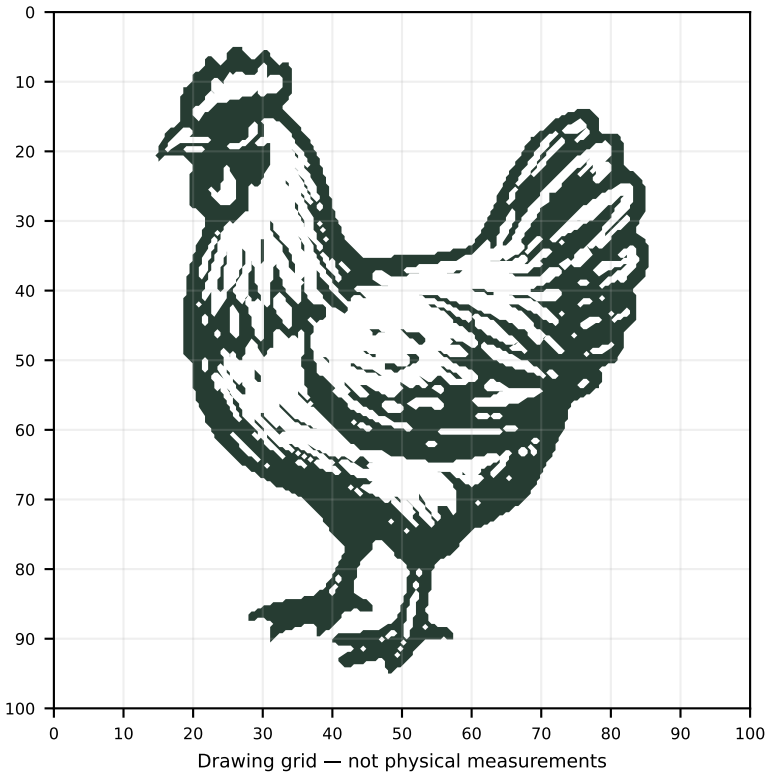

ANSWER: Example solution: preserve small serrated comb on top of head, pointed triangular beak, rounded body with large fan-shaped tail feathers. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw an oval for the rounded body and a smaller circle for the head.
2. Add the pointed beak and serrated comb on the head.
3. Sketch the large fan-shaped tail feathers extending from the back.
4. Draw two legs with feet below the body, then add feather texture lines.

How to Draw Chicken — Free Practice Sheets

ANSWER / CASE 4

chicken: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve small serrated comb on top of head, pointed triangular beak, rounded body with large fan-shaped tail feathers. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw an oval for the rounded body and a smaller circle for the head.
2. Add the pointed beak and serrated comb on the head.
3. Sketch the large fan-shaped tail feathers extending from the back.
4. Draw two legs with feet below the body, then add feather texture lines.
