How to Draw Flamingo — Free Practice Sheets

REFERENCE / CASE 1

flamingo: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

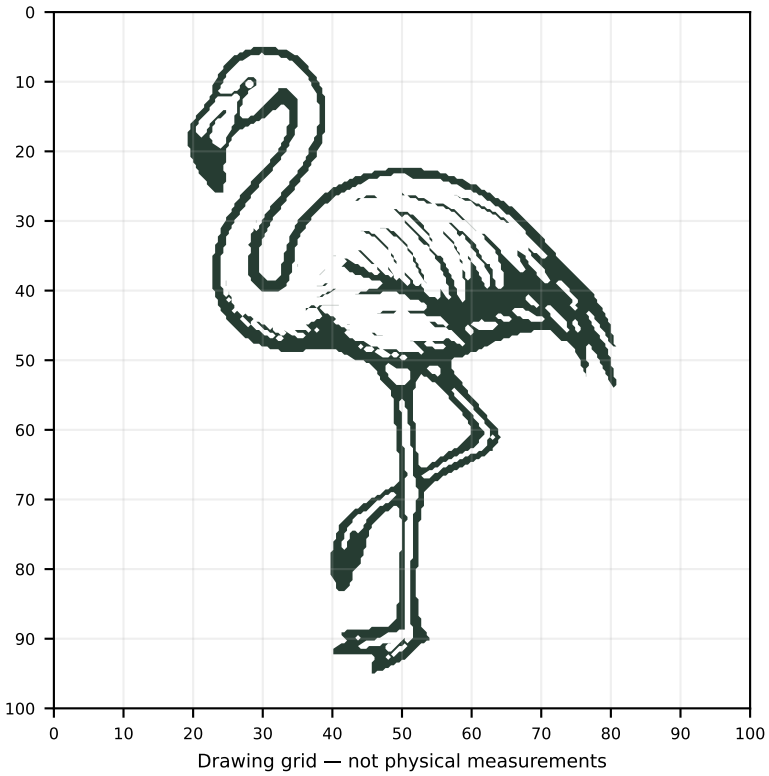

METHOD: Draw the oval body tilted slightly upward toward the tail. Add the long neck as a smooth S-curve rising from the front of the body. Attach the head with a hooked beak at the top of the neck. Draw two thin legs from the lower body, bending one leg up and keeping the other straight down to the foot.
Use the separate practice sheet before checking the answer.
