How to Draw Peacock — Free Practice Sheets

ANSWER / CASE 1

peacock: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

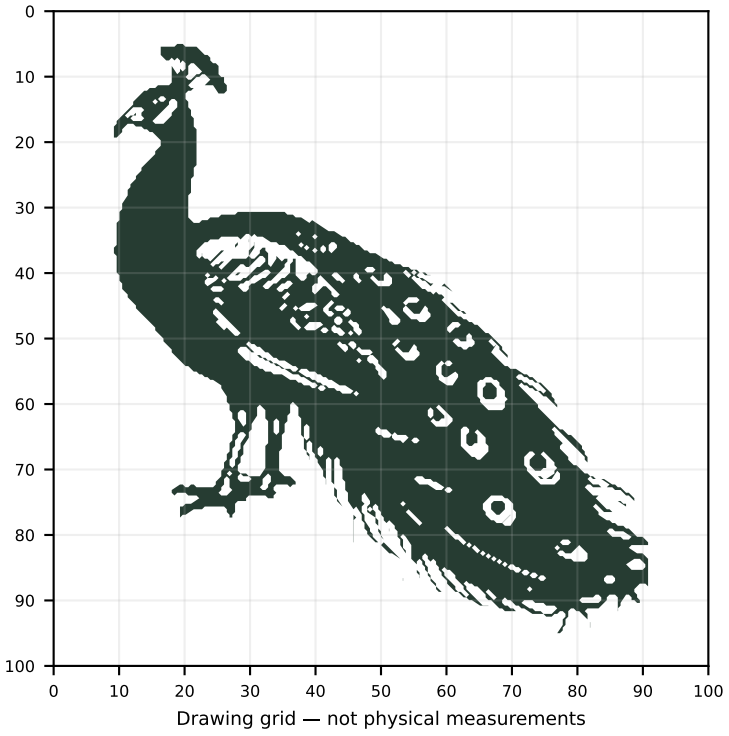

ANSWER: Example solution: preserve fan-like tail with distinct eye spots, crest of feathers on the head, slender curved neck. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the head with a small beak and a fan-shaped crest on top.
2. Draw a slender S-curved neck connecting the head to an oval body.
3. Add a large fan-shaped tail extending from the back, with rows of circular eye spots.
4. Draw two legs with feet under the body, then outline the folded wing on the side.

How to Draw Peacock — Free Practice Sheets

ANSWER / CASE 2

peacock: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

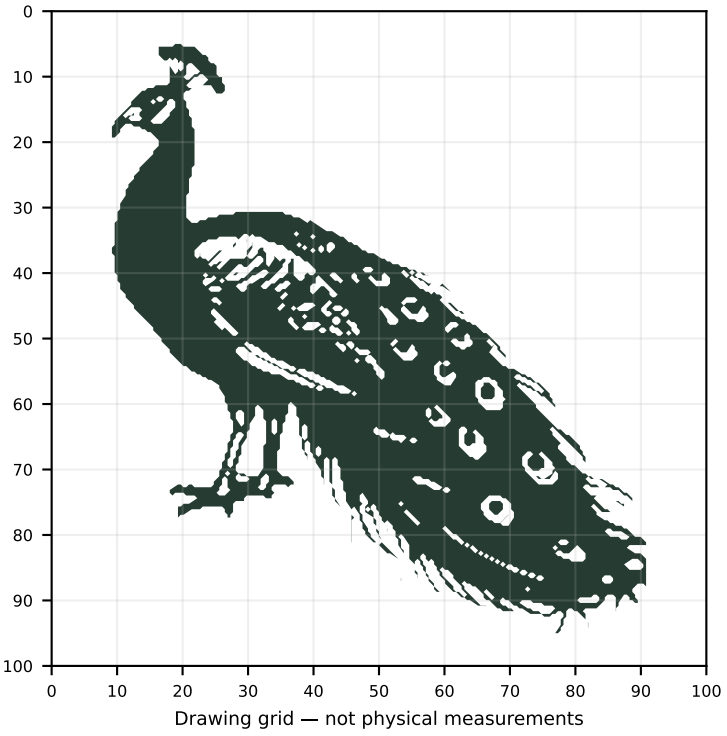

ANSWER: Example solution: preserve fan-like tail with distinct eye spots, crest of feathers on the head, slender curved neck. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the head with a small beak and a fan-shaped crest on top.
2. Draw a slender S-curved neck connecting the head to an oval body.
3. Add a large fan-shaped tail extending from the back, with rows of circular eye spots.
4. Draw two legs with feet under the body, then outline the folded wing on the side.
