How to Draw Turkey — Free Practice Sheets

REFERENCE / CASE 1

turkey: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

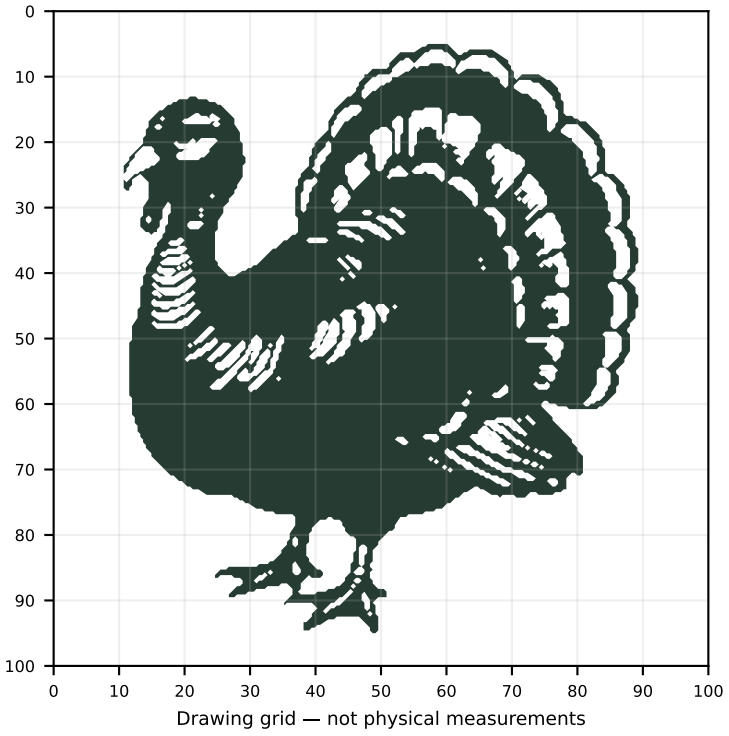

METHOD: Outline the large semicircular tail fan behind the body, using a scalloped outer contour and radial internal gaps Draw the rounded body mass and connect it to a narrow neck and small head with a pointed beak Add the two thin legs and splayed feet below the body, ensuring they support the overall silhouette Place internal light/dark line breaks across the neck, wing area, and tail to define feather groupings
Use the separate practice sheet before checking the answer.
