How to Draw Puffin — Free Practice Sheets

ANSWER / CASE 1

puffin: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

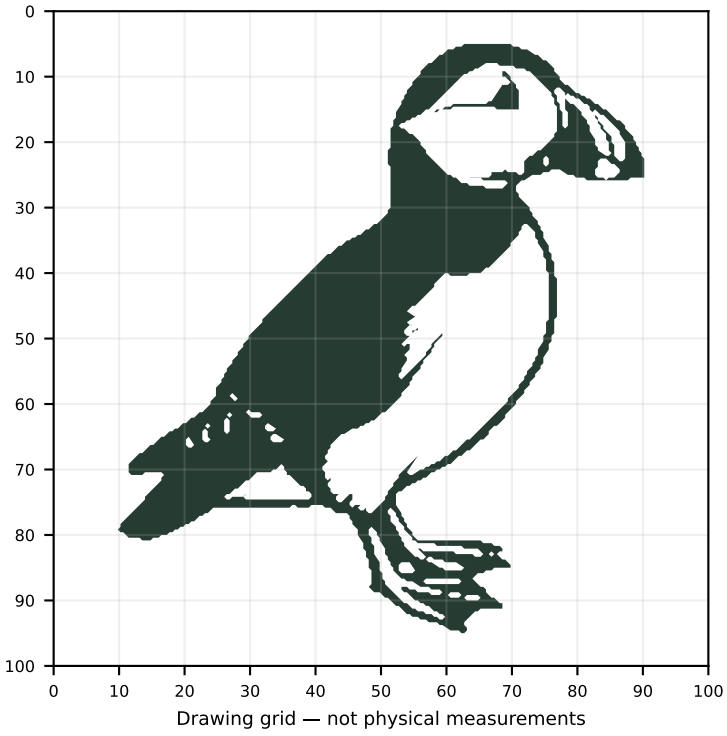

ANSWER: Example solution: preserve triangular colorful beak with dark tip and pale base, black-and-white body with black back and white belly, stubby wing folded against the side. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the rounded head and large triangular beak, then add the eye and cheek patch.
2. Outline the plump body with a black back and white breast, keeping the wing folded along the side.
3. Add the short tail and two visible webbed feet attached under the body.
4. Refine the beak bands and wing feather lines, then erase construction guides.
