# How to Draw Puffin — Free Practice Sheets

## REFERENCE / CASE 1

puffin: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

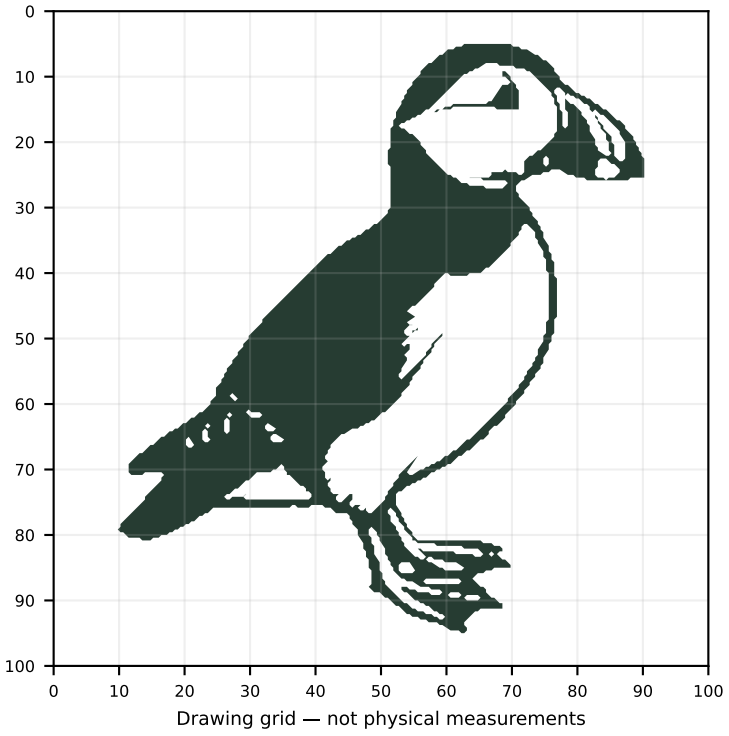

METHOD: Draw the rounded head and large triangular beak, then add the eye and cheek patch. Outline the plump body with a black back and white breast, keeping the wing folded along the side. Add the short tail and two visible webbed feet attached under the body. Refine the beak bands and wing feather lines, then erase construction guides.
Use the separate practice sheet before checking the answer.

# How to Draw Puffin — Free Practice Sheets

**REFERENCE / CASE 2**

puffin: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

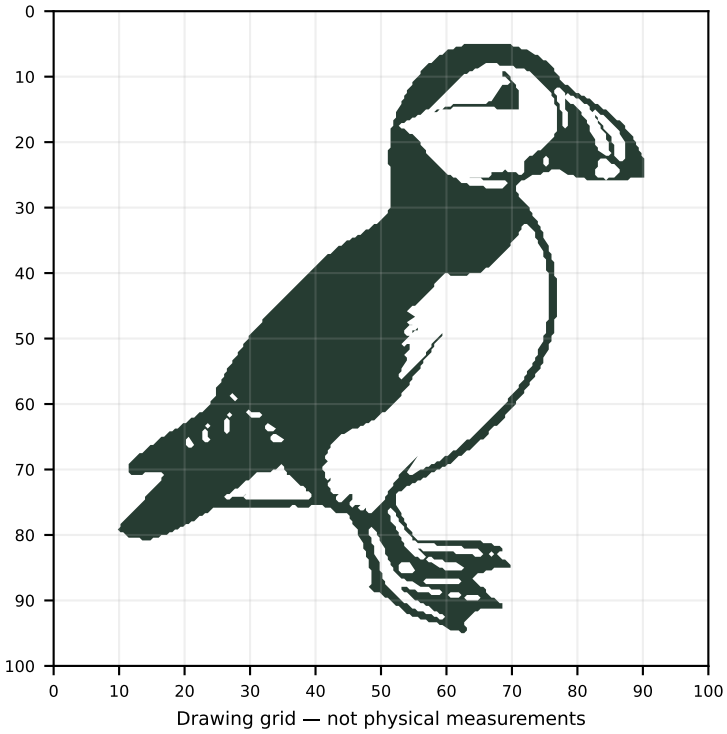

METHOD: Draw the rounded head and large triangular beak, then add the eye and cheek patch. Outline the plump body with a black back and white breast, keeping the wing folded along the side. Add the short tail and two visible webbed feet attached under the body. Refine the beak bands and wing feather lines, then erase construction guides.
Use the separate practice sheet before checking the answer.

# How to Draw Puffin — Free Practice Sheets

**REFERENCE / CASE 3**

puffin: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

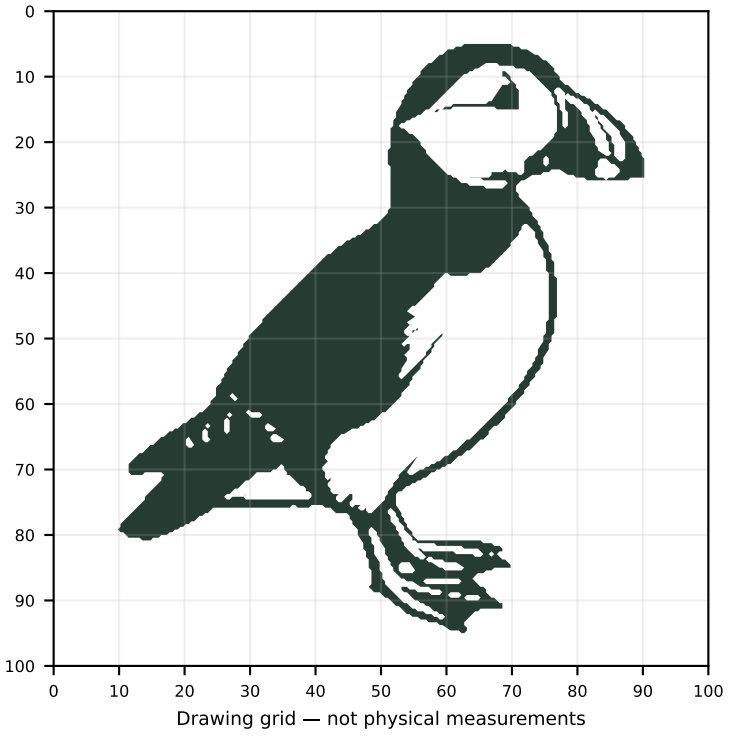

METHOD: Draw the rounded head and large triangular beak, then add the eye and cheek patch. Outline the plump body with a black back and white breast, keeping the wing folded along the side. Add the short tail and two visible webbed feet attached under the body. Refine the beak bands and wing feather lines, then erase construction guides.
Use the separate practice sheet before checking the answer.

# How to Draw Puffin — Free Practice Sheets

**REFERENCE / CASE 4**

puffin: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the rounded head and large triangular beak, then add the eye and cheek patch. Outline the plump body with a black back and white breast, keeping the wing folded along the side. Add the short tail and two visible webbed feet attached under the body. Refine the beak bands and wing feather lines, then erase construction guides.
Use the separate practice sheet before checking the answer.
