How to Draw Wood Duck — Free Practice Sheets

ANSWER / CASE 1

wood duck: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

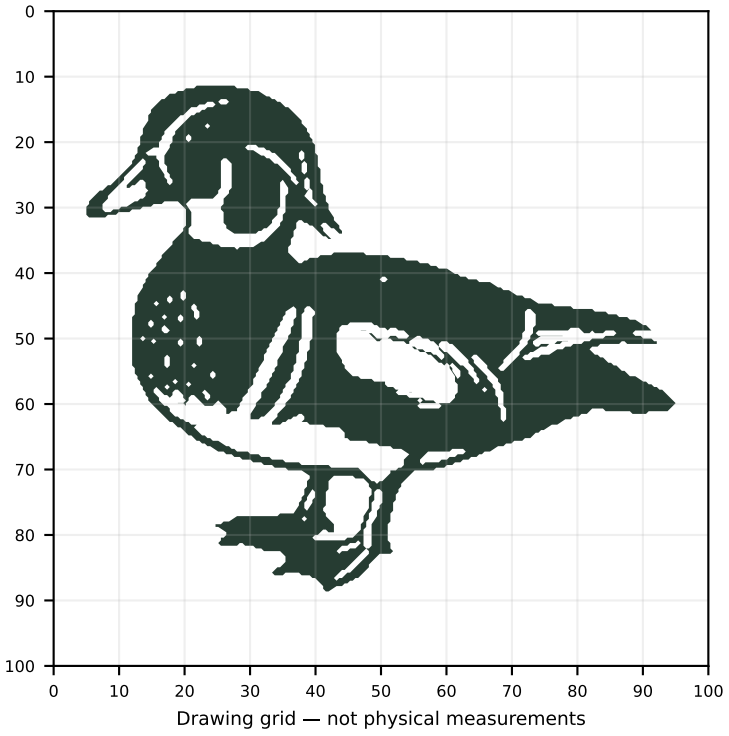

Drawing grid — not physical measurements

ANSWER: Example solution: preserve crested, rounded head with a short bill, bold white facial and neck markings contrasting with dark plumage, compact body with a long, pointed tail and two visible webbed legs. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw an oval for the body and a smaller circle for the head, connecting them with a short neck.
2. Add the short bill and the swept-back crest on the head, then outline the white facial and neck stripes.
3. Sketch the folded wing along the body and extend the tail into a pointed shape at the back.
4. Draw two webbed legs beneath the body, then refine the outline and erase construction lines.
