How to Draw Chickadee — Free Practice Sheets

ANSWER / CASE 1

chickadee: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

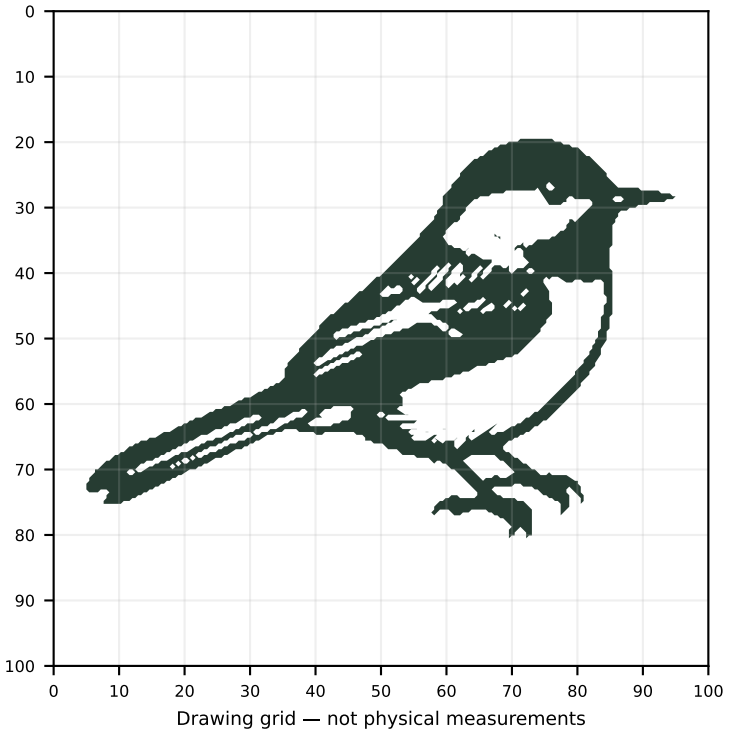

ANSWER: Example solution: preserve black cap covering the top of the head and nape, white cheek patch contrasting with the black cap and black bib, small round body with a long tail and short pointed beak. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a small round oval for the body and a circle for the head, then connect them with a short neck line.
2. Add the pointed triangular beak on the right side of the head and outline the black cap over the top of the head.
3. Sketch the white cheek patch as a curved shape between the cap and the black bib, then draw the bib under the beak.
4. Draw the folded wing with layered feather lines, the long tail extending left, and two thin legs with toes attached under the body.
