How to Draw Hummingbird — Free Practice Sheets

REFERENCE / CASE 1

hummingbird: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

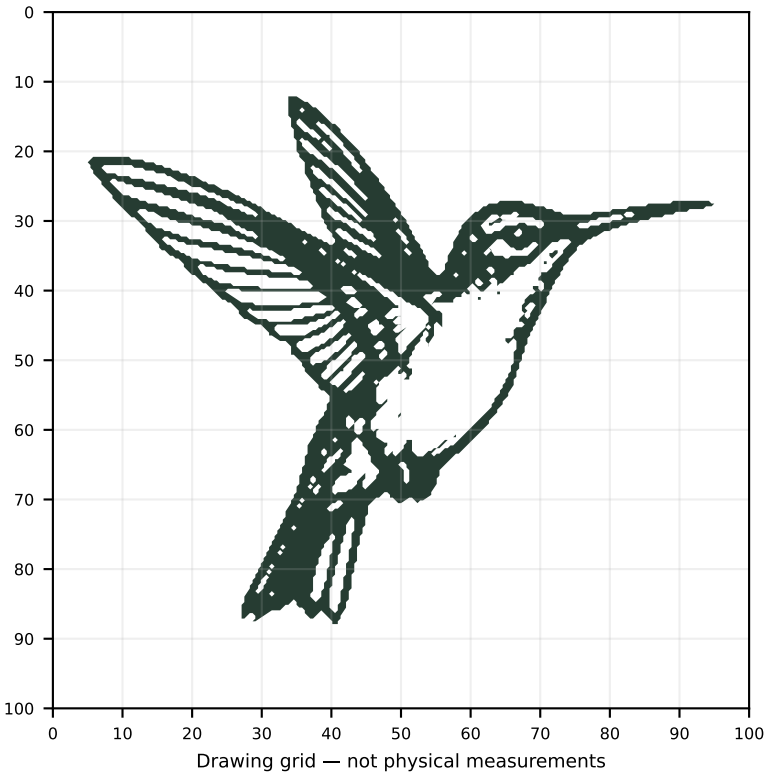

METHOD: Draw the long thin beak and rounded head as the starting anchor. Add the compact oval body and short tail below the head. Attach the two wings: one angled up behind the head and one extended to the left. Add feather line details on wings and body, plus a small tucked foot under the belly.
Use the separate practice sheet before checking the answer.
