How to Draw Parrot — Free Practice Sheets

REFERENCE / CASE 1

parrot: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

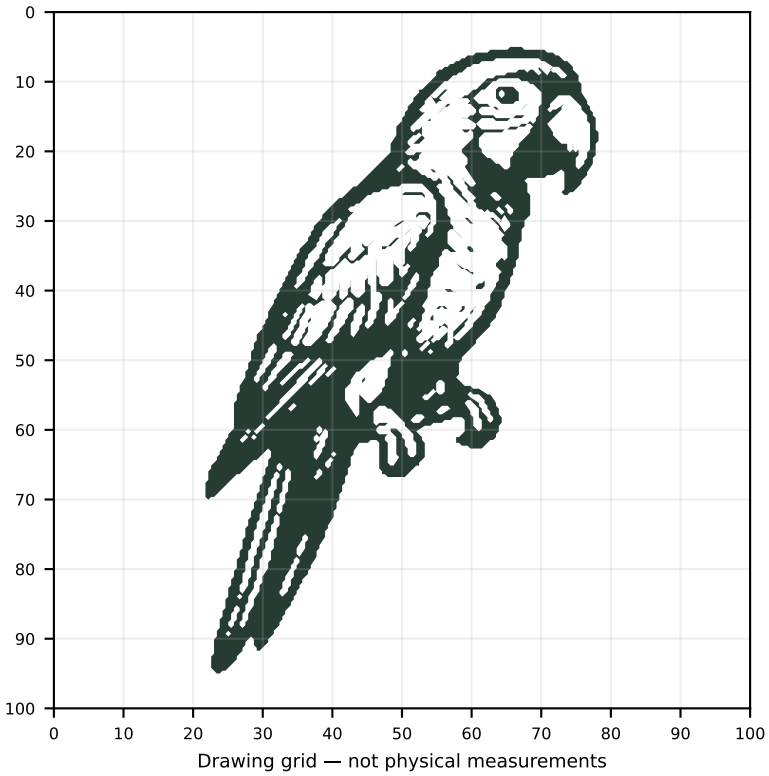

METHOD: Draw the head as a rounded oval with a large circular eye and a thick, downward-curving hooked beak attached at the front. Sketch the body as a teardrop shape angled downward, then add layered wing feathers along the side and back. Extend two long, narrow tail feathers from the lower rear of the body, tapering to points. Draw a short horizontal perch line and attach two visible feet with curled toes gripping it; add simple chest feather marks.
Use the separate practice sheet before checking the answer.
