How to Draw Goldfinch — Free Practice Sheets

ANSWER / CASE 1

goldfinch: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

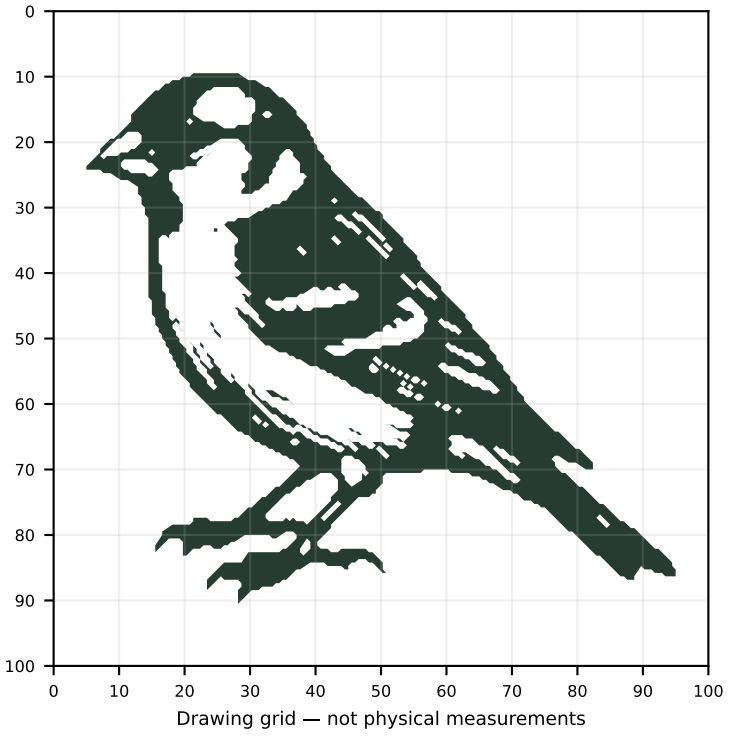

ANSWER: Example solution: preserve small conical beak, black-and-white head pattern with dark crown and pale cheek, dark wings with pale/white wing markings and brownish back. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw an oval body tilted slightly upward, then add a round head with a small pointed conical beak.
2. Sketch the head pattern: dark crown, pale cheek, and a dark line through the eye area.
3. Add the folded wing as a layered shape with dark feathers and pale/white wing bars, plus a brownish back.
4. Draw the notched tail and two legs with toes/claws, then outline the body and erase construction lines.
