How to Draw Kingfisher — Free Practice Sheets

REFERENCE / CASE 1

kingfisher: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

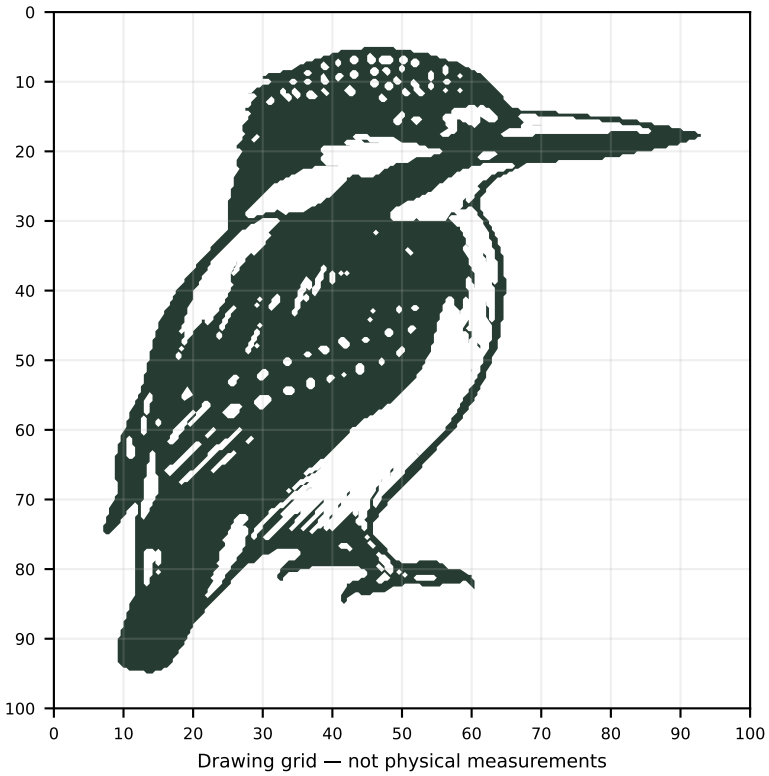

METHOD: Draw an oval for the stocky body and a larger circle for the head, overlapping slightly. Add the long, straight, pointed beak extending horizontally from the head. Sketch the folded wing along the side of the body and the short tail at the back. Draw the small legs and toes beneath the body, then outline the head crest and breast markings.
Use the separate practice sheet before checking the answer.
