How to Draw Duck — Free Practice Sheets

ANSWER / CASE 1

duck: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

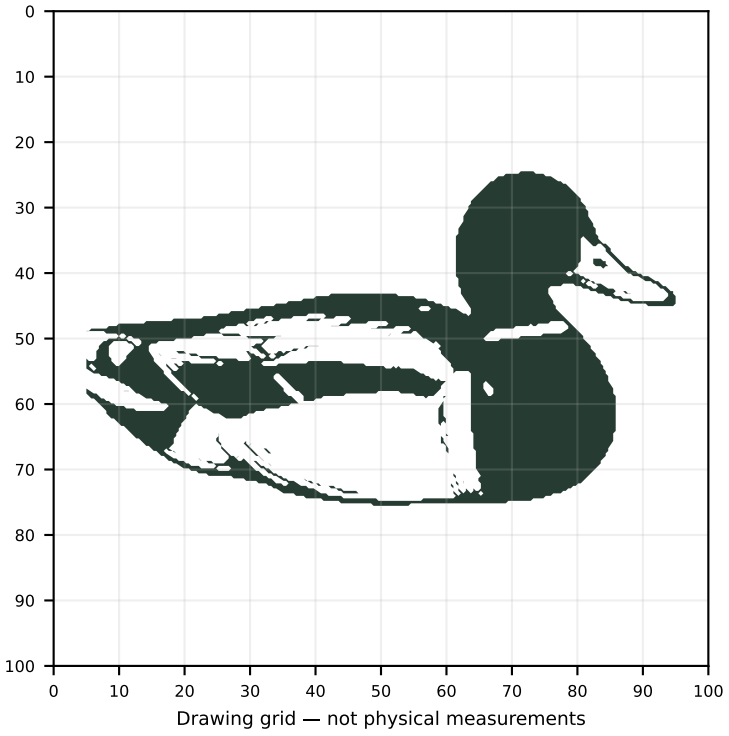

ANSWER: Example solution: preserve rounded body, flat bill, webbed feet. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the rounded body, then add a smaller circle for the head above the front of the body.
2. Attach a flat, elongated bill to the front of the head and add a small eye.
3. Sketch the folded wing shape along the side of the body with a few curved lines.
4. Add the tail at the back and draw the webbed feet beneath the body, then outline the final silhouette.

How to Draw Duck — Free Practice Sheets

ANSWER / CASE 2

duck: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

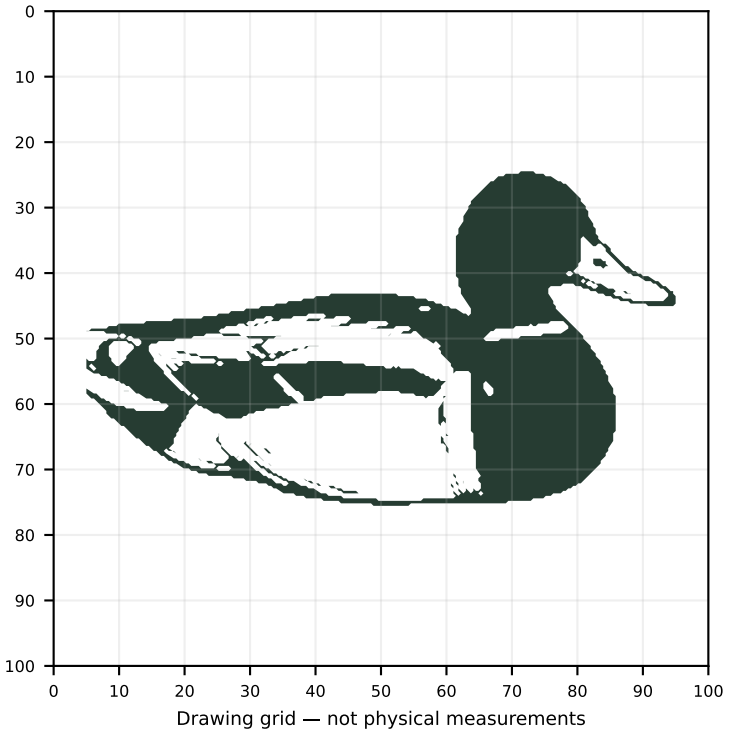

ANSWER: Example solution: preserve rounded body, flat bill, webbed feet. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the rounded body, then add a smaller circle for the head above the front of the body.
2. Attach a flat, elongated bill to the front of the head and add a small eye.
3. Sketch the folded wing shape along the side of the body with a few curved lines.
4. Add the tail at the back and draw the webbed feet beneath the body, then outline the final silhouette.

How to Draw Duck — Free Practice Sheets

ANSWER / CASE 3

duck: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

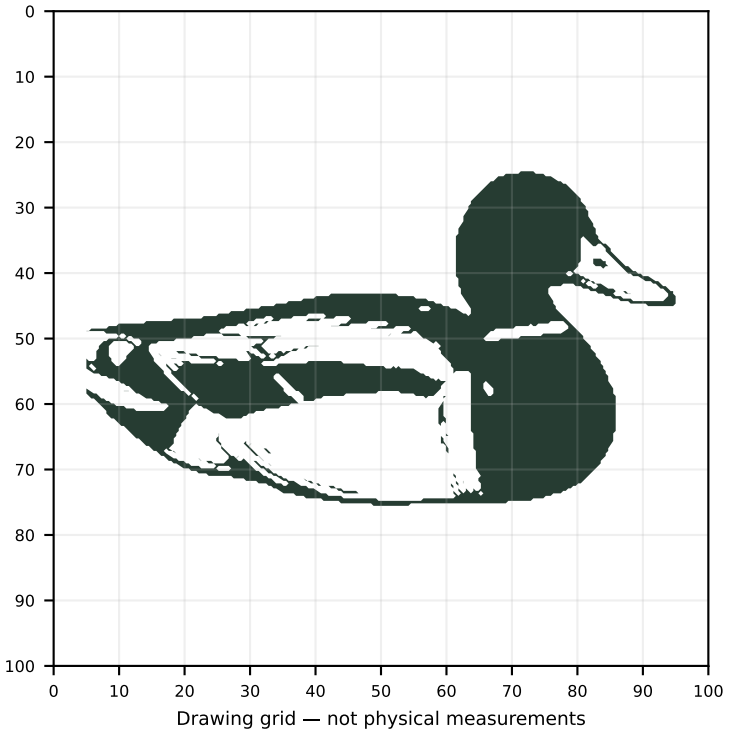

ANSWER: Example solution: preserve rounded body, flat bill, webbed feet. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the rounded body, then add a smaller circle for the head above the front of the body.
2. Attach a flat, elongated bill to the front of the head and add a small eye.
3. Sketch the folded wing shape along the side of the body with a few curved lines.
4. Add the tail at the back and draw the webbed feet beneath the body, then outline the final silhouette.

How to Draw Duck — Free Practice Sheets

ANSWER / CASE 4

duck: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve rounded body, flat bill, webbed feet. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the rounded body, then add a smaller circle for the head above the front of the body.
2. Attach a flat, elongated bill to the front of the head and add a small eye.
3. Sketch the folded wing shape along the side of the body with a few curved lines.
4. Add the tail at the back and draw the webbed feet beneath the body, then outline the final silhouette.
