How to Draw Phoenix — Free Practice Sheets

REFERENCE / CASE 1

phoenix: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

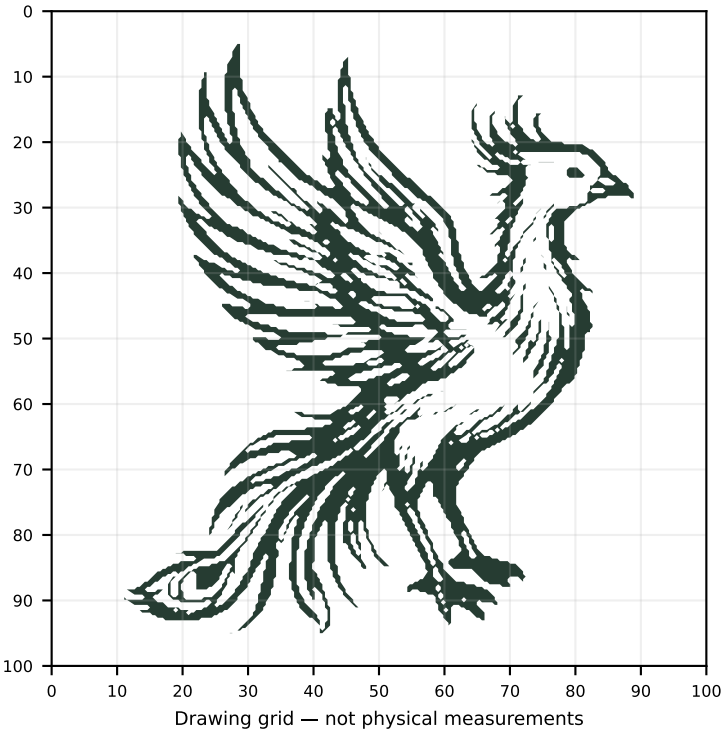

METHOD: Draw the head and neck first, adding the crest, beak, and eye. Sketch the body and the two spread wings, using long curved strokes for the feathers. Add the long flowing tail feathers, including the eye-shaped plume at the end. Draw the two visible legs with feet, then refine the feather outlines.
Use the separate practice sheet before checking the answer.

How to Draw Phoenix — Free Practice Sheets

REFERENCE / CASE 2

phoenix: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

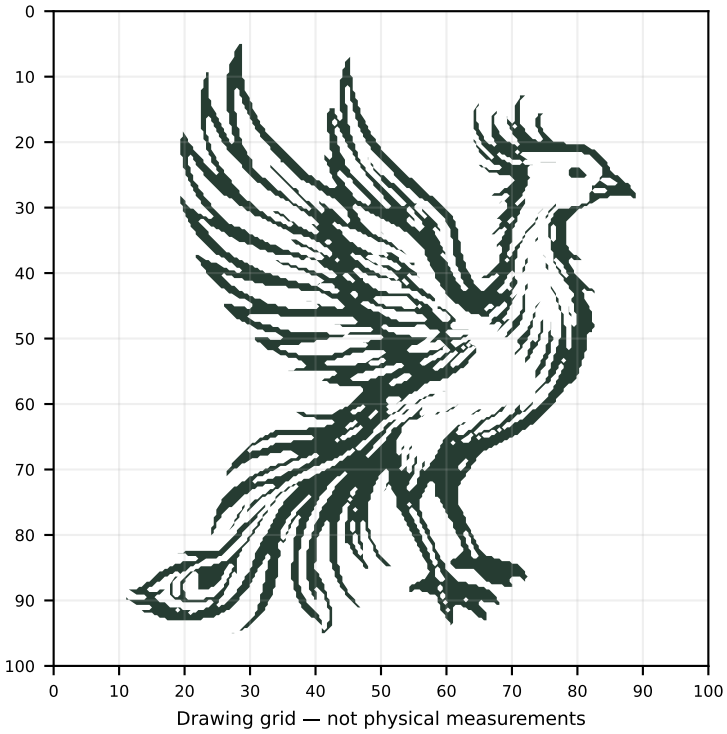

METHOD: Draw the head and neck first, adding the crest, beak, and eye. Sketch the body and the two spread wings, using long curved strokes for the feathers. Add the long flowing tail feathers, including the eye-shaped plume at the end. Draw the two visible legs with feet, then refine the feather outlines.
Use the separate practice sheet before checking the answer.
