How to Draw Lovebird — Free Practice Sheets

REFERENCE / CASE 1

lovebird: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

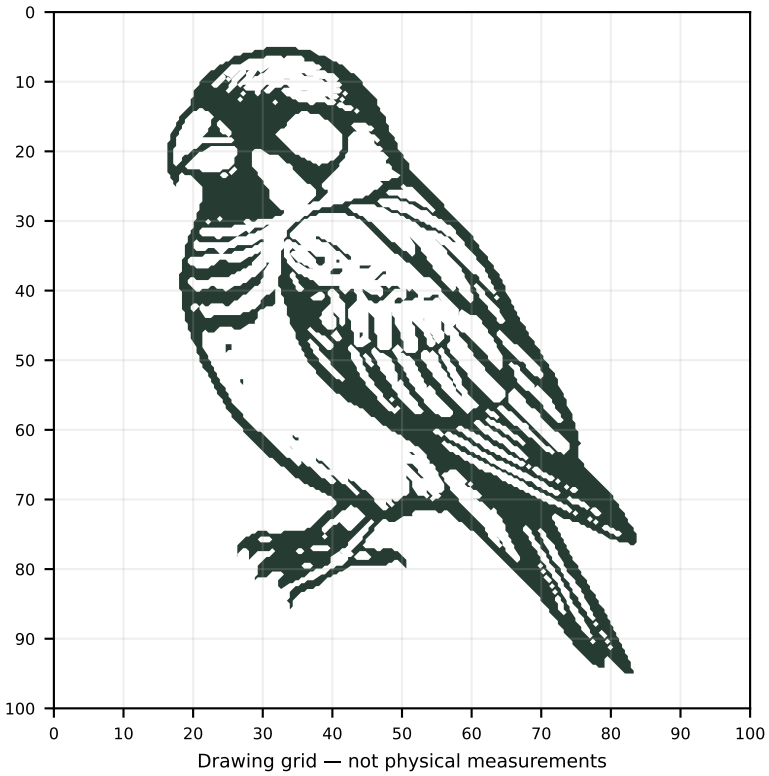

METHOD: Draw a rounded oval for the body and a smaller circle for the head, overlapping slightly at the neck. Add the short hooked beak at the front of the head and place the eye above/behind it. Sketch the folded wing as a layered teardrop shape along the side of the body, with feather lines following its contour. Draw the tail extending down/back from the body and add two visible legs with toes gripping below the body.
Use the separate practice sheet before checking the answer.
