How to Draw Robin — Free Practice Sheets

ANSWER / CASE 1

robin: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

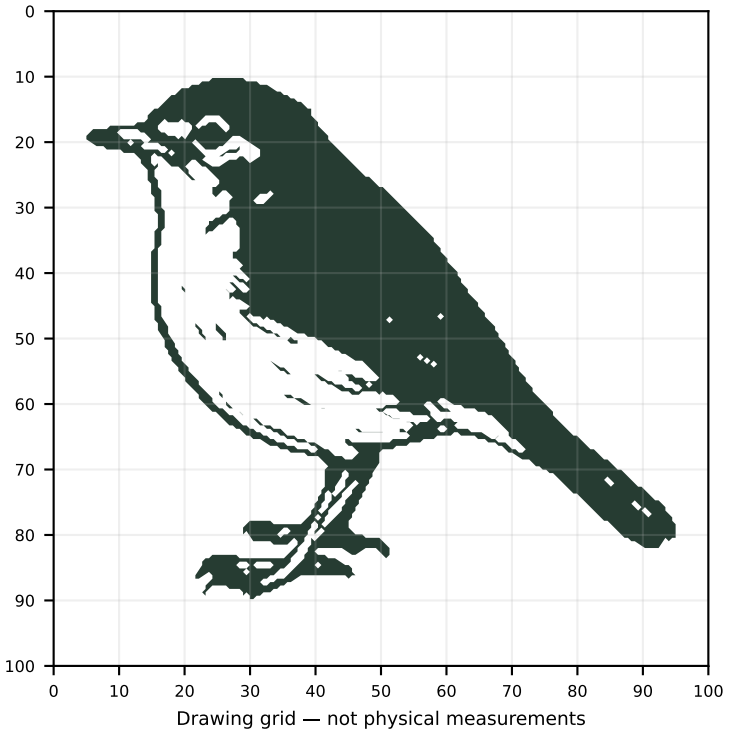

ANSWER: Example solution: preserve rounded plump body with a pale breast and dark speckled markings, short pointed beak on a compact rounded head, two thin legs with visible toes, one slightly forward and one back. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the rounded body and a smaller circle for the head, overlapping slightly at the neck.
2. Add a short triangular beak at the front of the head and a small circle for the eye.
3. Sketch the folded wing as a curved teardrop shape along the back, with a long tapering tail extending down and back.
4. Draw two thin legs from the lower body, adding small toe lines, then outline the breast with light speckle marks.
