How to Draw Ostrich — Free Practice Sheets

REFERENCE / CASE 1

ostrich: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

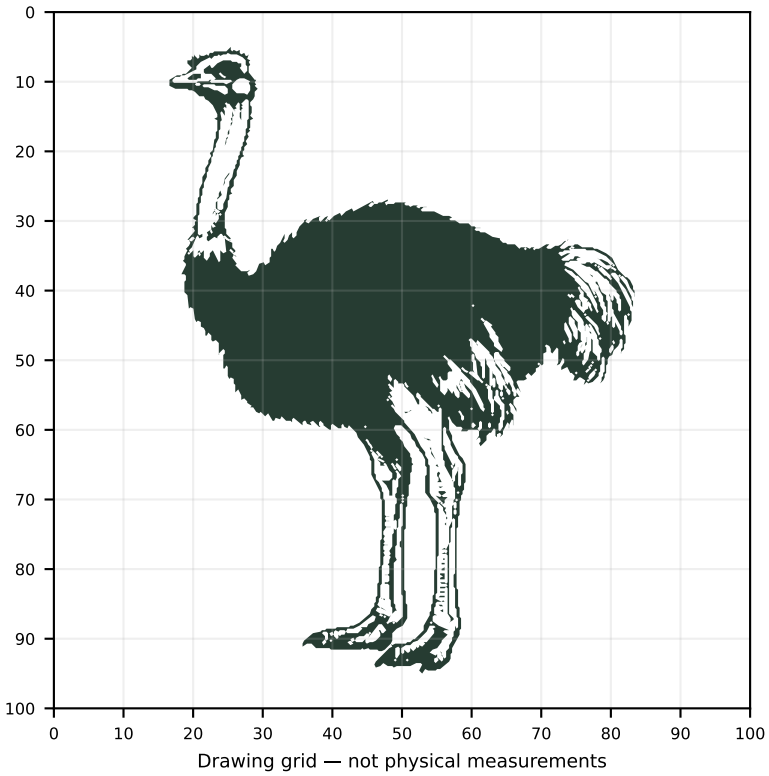

METHOD: Draw the bulky oval body with a rounded tail plume at the rear. Add the long neck rising from the front of the body and place the small head with a large eye and beak at the top. Sketch two long legs descending from the lower body, angling one slightly back for a natural stance. Outline the feet with visible toes and add feather texture lines across the body and tail.
Use the separate practice sheet before checking the answer.
