How to Draw Vulture — Free Practice Sheets

ANSWER / CASE 1

vulture: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

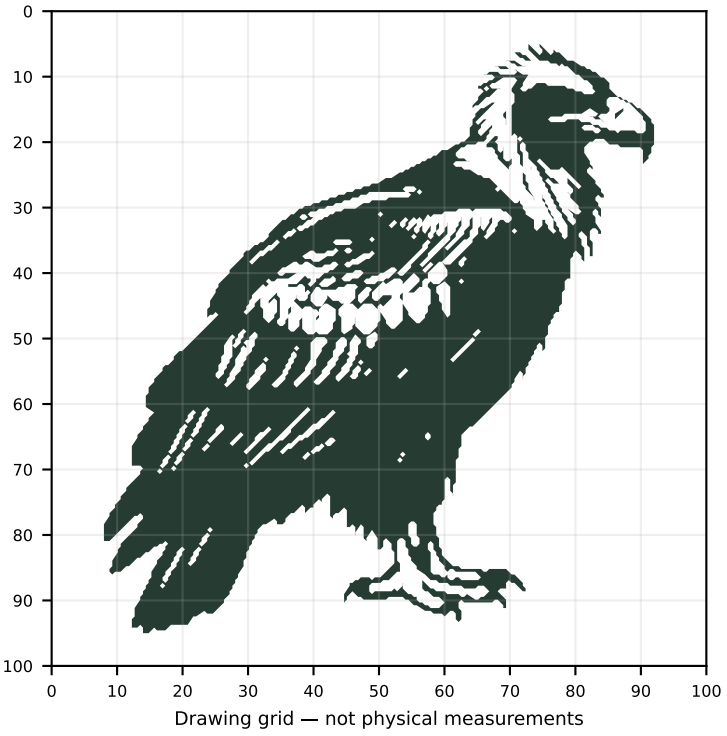

ANSWER: Example solution: preserve bald/lightly feathered head with hooked beak, broad folded wings with layered feather shapes, single visible leg with talons attached under body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the head and hooked beak at upper right, then add the neck ruff.
2. Sketch the large folded wing mass sweeping down to the left.
3. Add layered feather rows on the wing and body.
4. Attach one leg with talons beneath the body and finish the tail feathers.

How to Draw Vulture — Free Practice Sheets

ANSWER / CASE 2

vulture: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

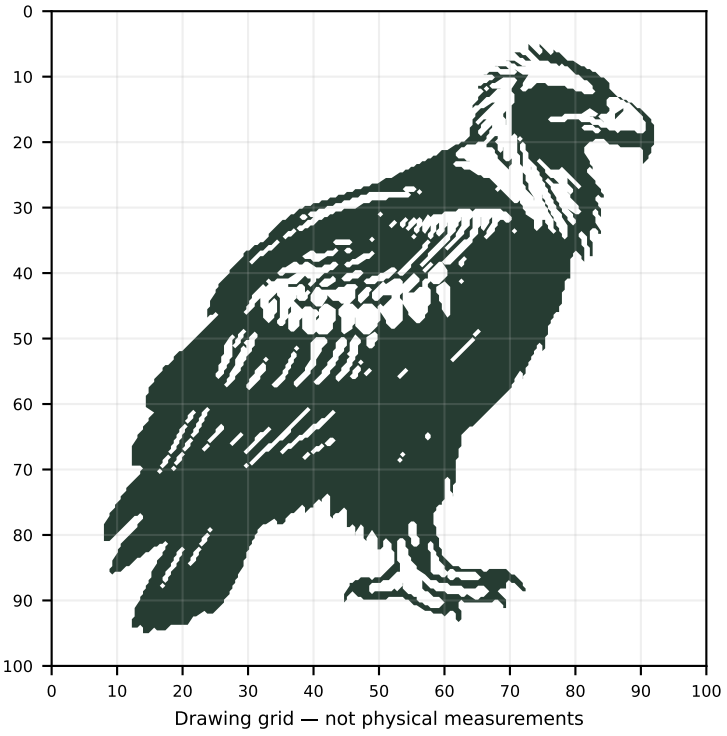

ANSWER: Example solution: preserve bald/lightly feathered head with hooked beak, broad folded wings with layered feather shapes, single visible leg with talons attached under body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the head and hooked beak at upper right, then add the neck ruff.
2. Sketch the large folded wing mass sweeping down to the left.
3. Add layered feather rows on the wing and body.
4. Attach one leg with talons beneath the body and finish the tail feathers.

How to Draw Vulture — Free Practice Sheets

ANSWER / CASE 3

vulture: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

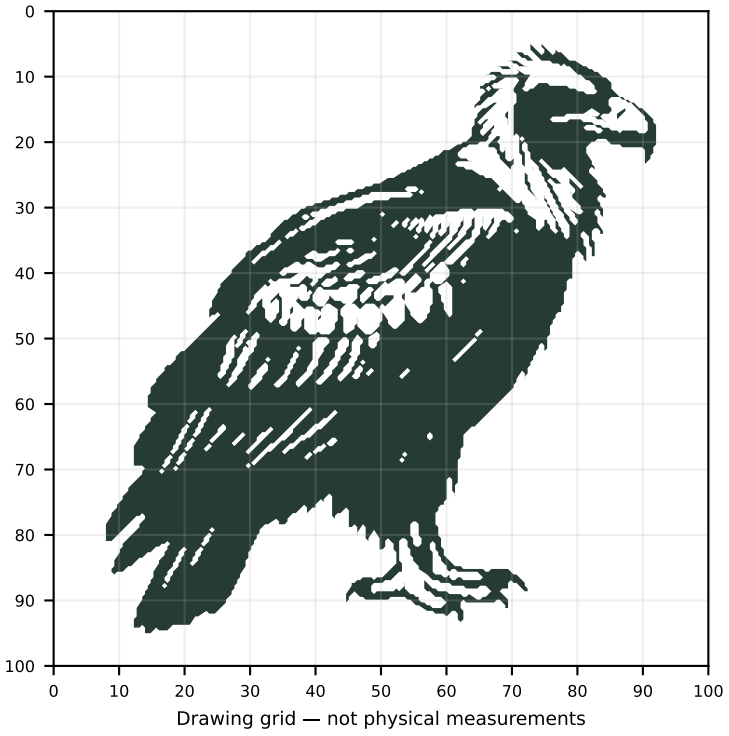

ANSWER: Example solution: preserve bald/lightly feathered head with hooked beak, broad folded wings with layered feather shapes, single visible leg with talons attached under body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the head and hooked beak at upper right, then add the neck ruff.
2. Sketch the large folded wing mass sweeping down to the left.
3. Add layered feather rows on the wing and body.
4. Attach one leg with talons beneath the body and finish the tail feathers.

How to Draw Vulture — Free Practice Sheets

ANSWER / CASE 4

vulture: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve bald/lightly feathered head with hooked beak, broad folded wings with layered feather shapes, single visible leg with talons attached under body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the head and hooked beak at upper right, then add the neck ruff.
2. Sketch the large folded wing mass sweeping down to the left.
3. Add layered feather rows on the wing and body.
4. Attach one leg with talons beneath the body and finish the tail feathers.
