How to Draw Steller'S Jay — Free Practice Sheets

ANSWER / CASE 1

steller's jay: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

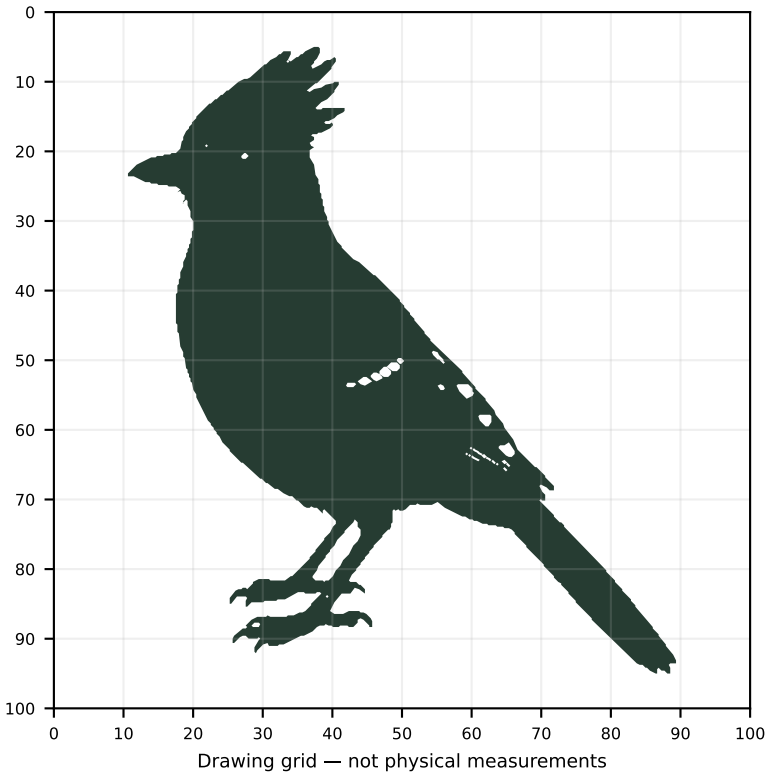

ANSWER: Example solution: preserve Prominent spiky crest on the head, Black head and upper breast silhouette contrasting with the body outline, Long tail extending downward with a slight notch at the tip. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the head and beak first, then add the spiky crest sweeping back from the crown.
2. Outline the rounded body and black breast area, connecting smoothly to the neck.
3. Add the long tail extending down and to the right, tapering to a slightly forked tip.
4. Draw the legs and feet with toes wrapping around a perch, then add wing detail lines.
