How to Draw Skyscraper — Free Practice Sheets

REFERENCE / CASE 1

skyscraper: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

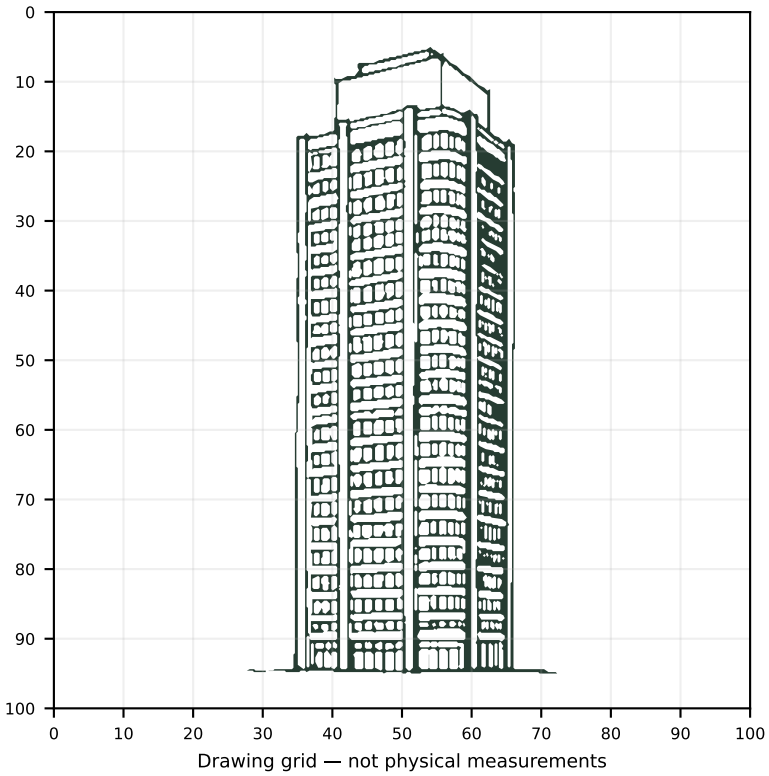

METHOD: Draw a tall vertical rectangular outline for the main tower body. Add a smaller flat-roofed rectangular block on top to form the stepped roof. Draw evenly spaced horizontal lines across the facade to create repeated window rows. Add vertical lines to divide the window rows into individual panes and finish with a ground line.
Use the separate practice sheet before checking the answer.

How to Draw Skyscraper — Free Practice Sheets

REFERENCE / CASE 2

skyscraper: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

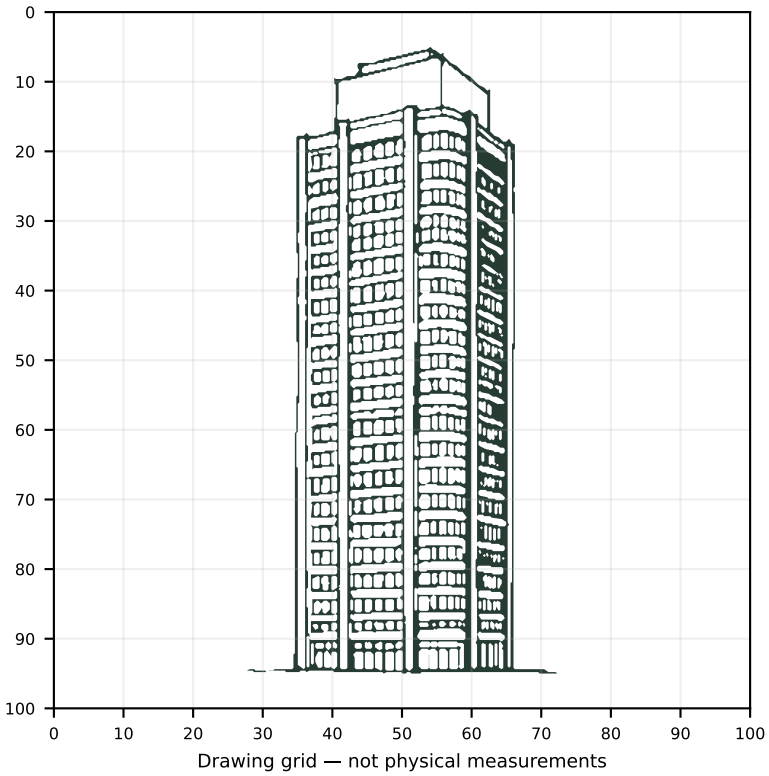

METHOD: Draw a tall vertical rectangular outline for the main tower body. Add a smaller flat-roofed rectangular block on top to form the stepped roof. Draw evenly spaced horizontal lines across the facade to create repeated window rows. Add vertical lines to divide the window rows into individual panes and finish with a ground line.
Use the separate practice sheet before checking the answer.

How to Draw Skyscraper — Free Practice Sheets

REFERENCE / CASE 3

skyscraper: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

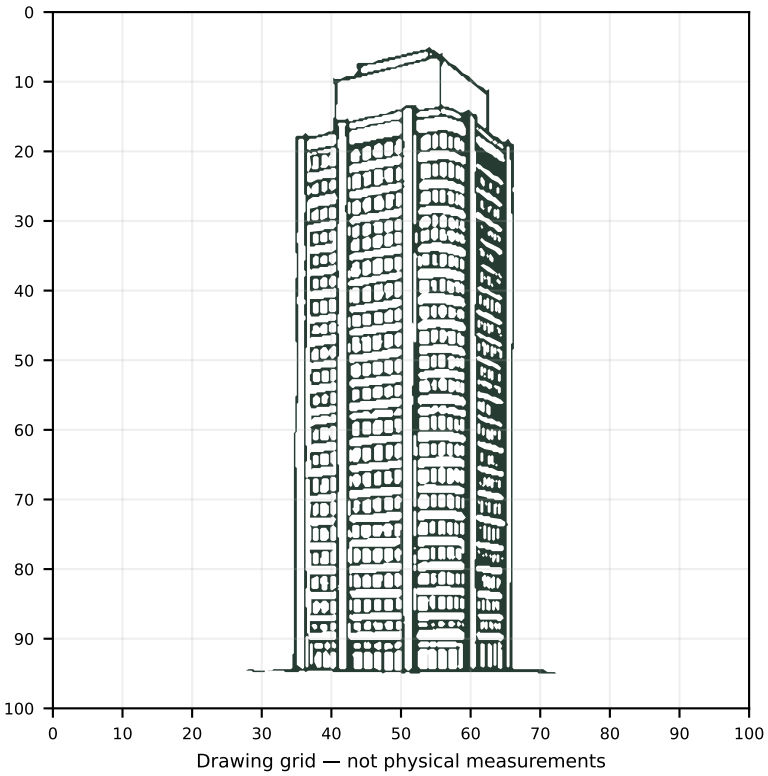

METHOD: Draw a tall vertical rectangular outline for the main tower body. Add a smaller flat-roofed rectangular block on top to form the stepped roof. Draw evenly spaced horizontal lines across the facade to create repeated window rows. Add vertical lines to divide the window rows into individual panes and finish with a ground line.
Use the separate practice sheet before checking the answer.

How to Draw Skyscraper — Free Practice Sheets

REFERENCE / CASE 4

skyscraper: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a tall vertical rectangular outline for the main tower body. Add a smaller flat-roofed rectangular block on top to form the stepped roof. Draw evenly spaced horizontal lines across the facade to create repeated window rows. Add vertical lines to divide the window rows into individual panes and finish with a ground line.
Use the separate practice sheet before checking the answer.
