How to Draw Mosque — Free Practice Sheets

ANSWER / CASE 1

mosque: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

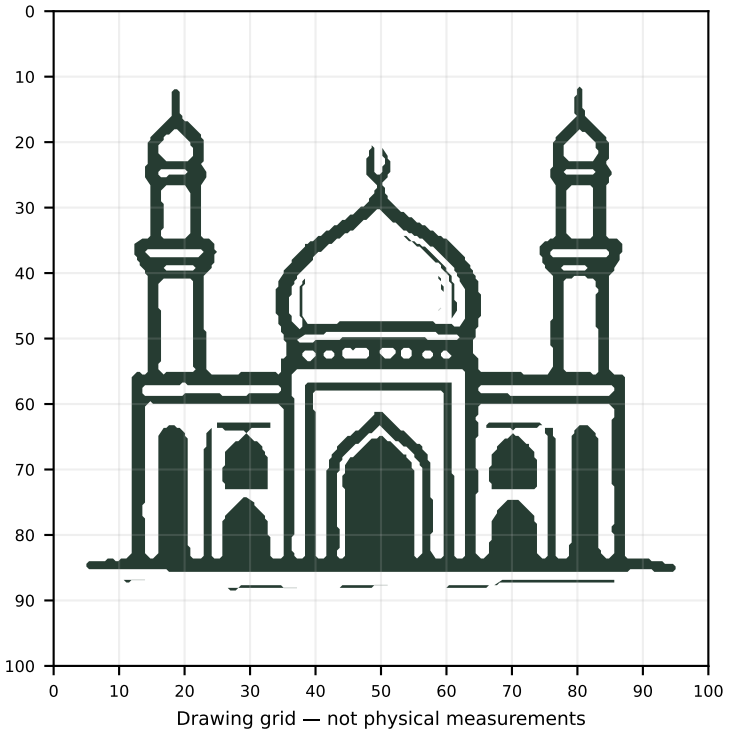

ANSWER: Example solution: preserve large central onion-shaped dome with a pointed finial, two tall symmetrical minaret towers flanking the main building, central arched doorway with smaller arched windows on the facade. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a horizontal baseline and sketch a wide rectangular main building block in the center.
2. Add a large onion dome on top of the central block, finishing it with a small pointed finial.
3. Draw two tall, narrow minaret towers on the left and right sides, each topped with a small dome and finial.
4. Outline the central arched doorway and add smaller arched windows on the side sections to complete the facade.

How to Draw Mosque — Free Practice Sheets

ANSWER / CASE 2

mosque: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

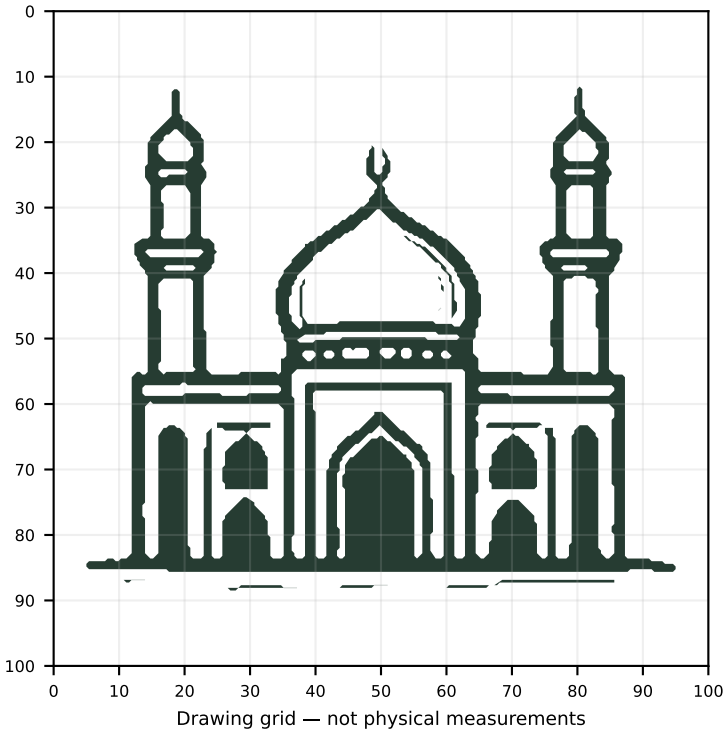

ANSWER: Example solution: preserve large central onion-shaped dome with a pointed finial, two tall symmetrical minaret towers flanking the main building, central arched doorway with smaller arched windows on the facade. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a horizontal baseline and sketch a wide rectangular main building block in the center.
2. Add a large onion dome on top of the central block, finishing it with a small pointed finial.
3. Draw two tall, narrow minaret towers on the left and right sides, each topped with a small dome and finial.
4. Outline the central arched doorway and add smaller arched windows on the side sections to complete the facade.

How to Draw Mosque — Free Practice Sheets

ANSWER / CASE 3

mosque: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

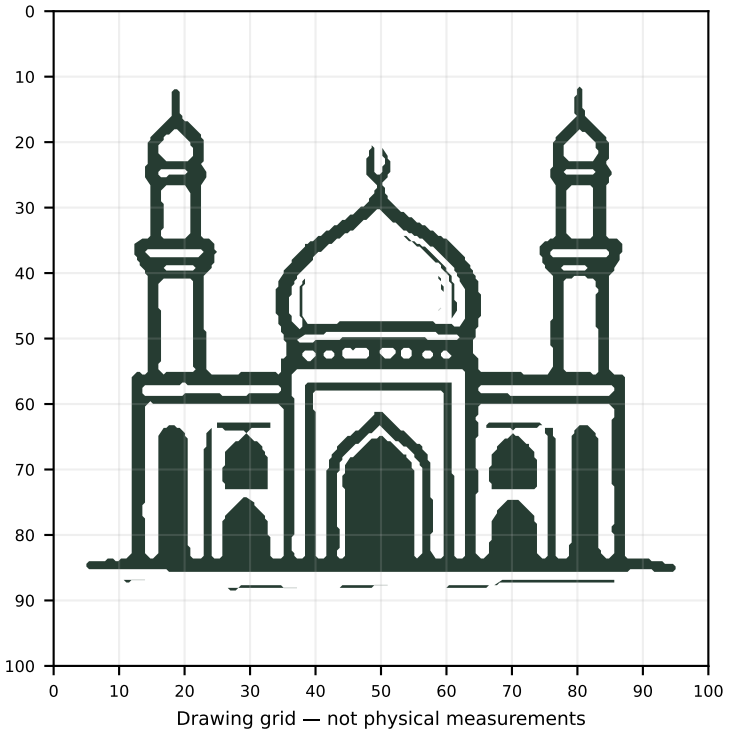

ANSWER: Example solution: preserve large central onion-shaped dome with a pointed finial, two tall symmetrical minaret towers flanking the main building, central arched doorway with smaller arched windows on the facade. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a horizontal baseline and sketch a wide rectangular main building block in the center.
2. Add a large onion dome on top of the central block, finishing it with a small pointed finial.
3. Draw two tall, narrow minaret towers on the left and right sides, each topped with a small dome and finial.
4. Outline the central arched doorway and add smaller arched windows on the side sections to complete the facade.

How to Draw Mosque — Free Practice Sheets

ANSWER / CASE 4

mosque: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve large central onion-shaped dome with a pointed finial, two tall symmetrical minaret towers flanking the main building, central arched doorway with smaller arched windows on the facade. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a horizontal baseline and sketch a wide rectangular main building block in the center.
2. Add a large onion dome on top of the central block, finishing it with a small pointed finial.
3. Draw two tall, narrow minaret towers on the left and right sides, each topped with a small dome and finial.
4. Outline the central arched doorway and add smaller arched windows on the side sections to complete the facade.
