How to Draw Parthenon — Free Practice Sheets

ANSWER / CASE 1

parthenon: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

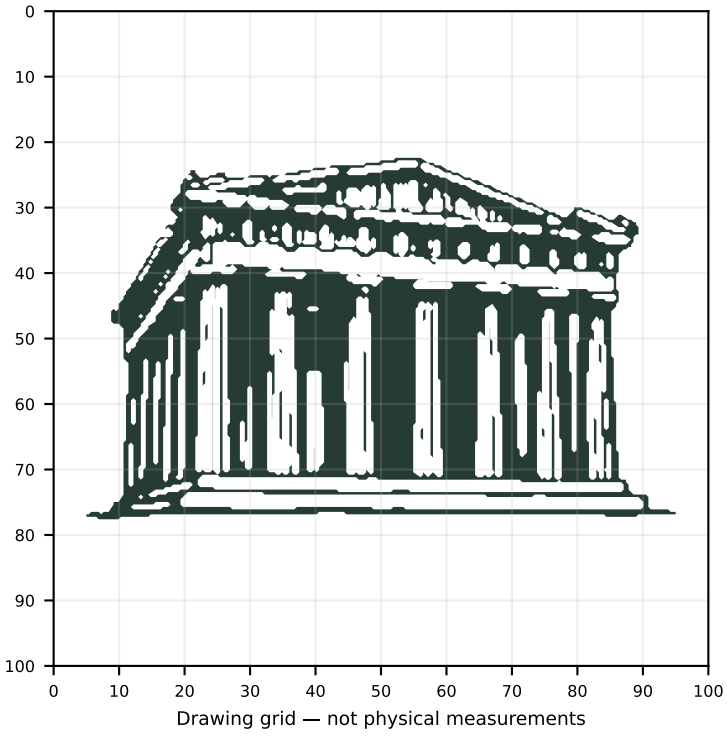

ANSWER: Example solution: preserve row of vertical columns across the front facade, triangular pediment at the top, stepped base platform at the bottom. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide stepped base using stacked horizontal rectangles.
2. Add a row of evenly spaced vertical columns rising from the top step.
3. Place a horizontal entablature band across the tops of the columns.
4. Top the structure with a triangular pediment and add simple vertical lines inside it.

How to Draw Parthenon — Free Practice Sheets

ANSWER / CASE 2

parthenon: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

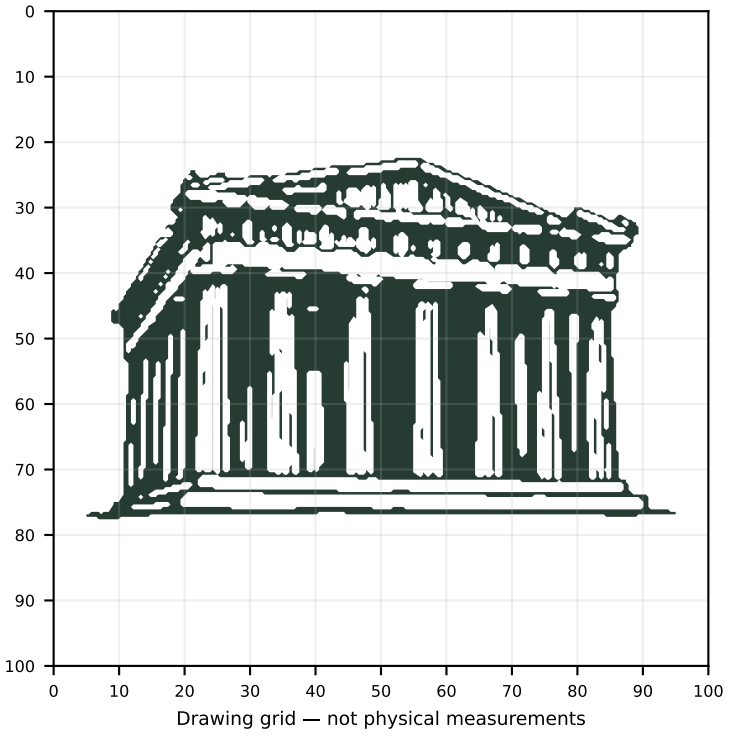

ANSWER: Example solution: preserve row of vertical columns across the front facade, triangular pediment at the top, stepped base platform at the bottom. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide stepped base using stacked horizontal rectangles.
2. Add a row of evenly spaced vertical columns rising from the top step.
3. Place a horizontal entablature band across the tops of the columns.
4. Top the structure with a triangular pediment and add simple vertical lines inside it.

How to Draw Parthenon — Free Practice Sheets

ANSWER / CASE 3

parthenon: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

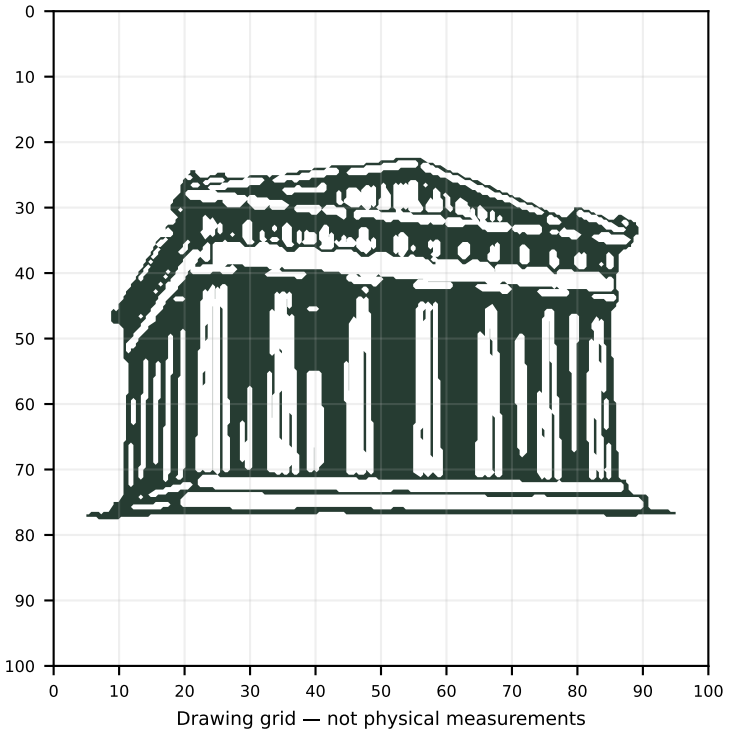

ANSWER: Example solution: preserve row of vertical columns across the front facade, triangular pediment at the top, stepped base platform at the bottom. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide stepped base using stacked horizontal rectangles.
2. Add a row of evenly spaced vertical columns rising from the top step.
3. Place a horizontal entablature band across the tops of the columns.
4. Top the structure with a triangular pediment and add simple vertical lines inside it.

How to Draw Parthenon — Free Practice Sheets

ANSWER / CASE 4

parthenon: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve row of vertical columns across the front facade, triangular pediment at the top, stepped base platform at the bottom. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide stepped base using stacked horizontal rectangles.
2. Add a row of evenly spaced vertical columns rising from the top step.
3. Place a horizontal entablature band across the tops of the columns.
4. Top the structure with a triangular pediment and add simple vertical lines inside it.
