How to Draw Gazebo — Free Practice Sheets

REFERENCE / CASE 1

gazebo: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

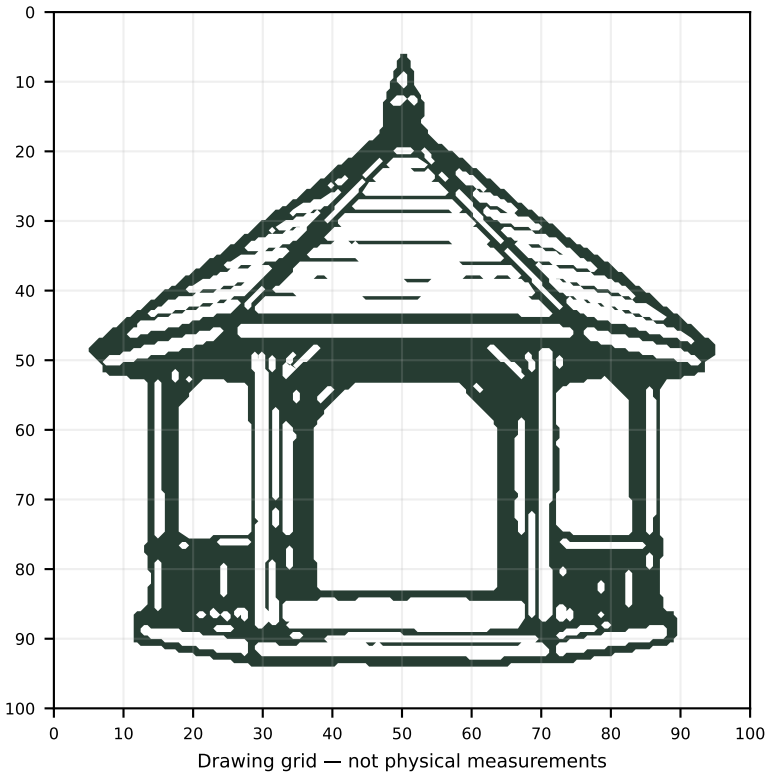

METHOD: Draw the stepped base platform as a wide, low hexagonal shape with a front edge and side edges. Add slender vertical support posts at the visible corners, connecting them to the base and roof line. Draw the hexagonal roof as a broad pyramid with horizontal shingle lines and a small finial at the top. Add low railings between the posts along the base to complete the open-sided gazebo silhouette.
Use the separate practice sheet before checking the answer.

REFERENCE / CASE 2

gazebo: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

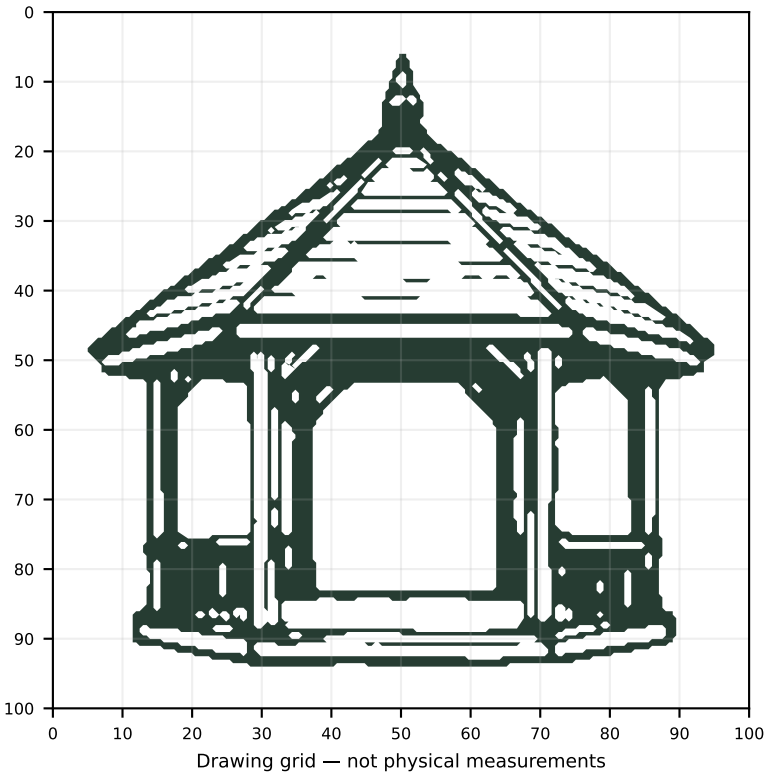

METHOD: Draw the stepped base platform as a wide, low hexagonal shape with a front edge and side edges. Add slender vertical support posts at the visible corners, connecting them to the base and roof line. Draw the hexagonal roof as a broad pyramid with horizontal shingle lines and a small finial at the top. Add low railings between the posts along the base to complete the open-sided gazebo silhouette.
Use the separate practice sheet before checking the answer.

How to Draw Gazebo — Free Practice Sheets

REFERENCE / CASE 3

gazebo: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

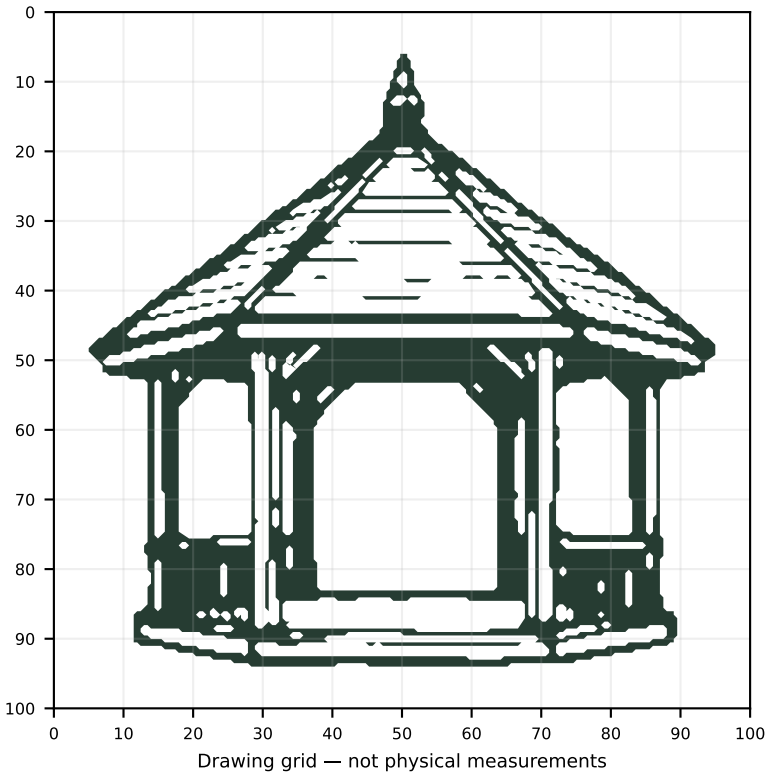

METHOD: Draw the stepped base platform as a wide, low hexagonal shape with a front edge and side edges. Add slender vertical support posts at the visible corners, connecting them to the base and roof line. Draw the hexagonal roof as a broad pyramid with horizontal shingle lines and a small finial at the top. Add low railings between the posts along the base to complete the open-sided gazebo silhouette.
Use the separate practice sheet before checking the answer.

How to Draw Gazebo — Free Practice Sheets

REFERENCE / CASE 4

gazebo: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the stepped base platform as a wide, low hexagonal shape with a front edge and side edges. Add slender vertical support posts at the visible corners, connecting them to the base and roof line. Draw the hexagonal roof as a broad pyramid with horizontal shingle lines and a small finial at the top. Add low railings between the posts along the base to complete the open-sided gazebo silhouette.
Use the separate practice sheet before checking the answer.
