How to Draw Castle — Free Practice Sheets

REFERENCE / CASE 1

castle: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

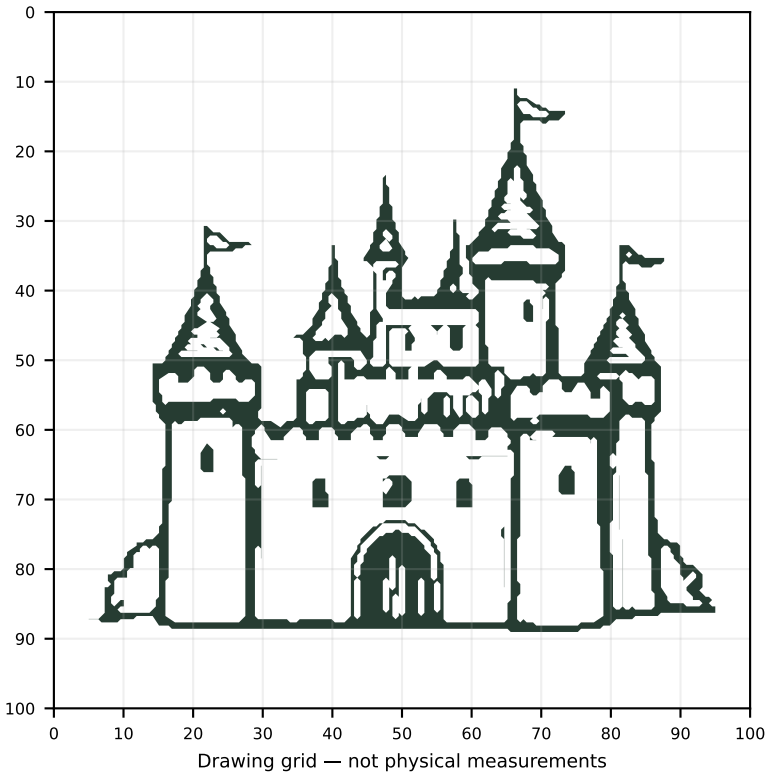

METHOD: Draw a wide rectangular base for the main castle wall, then add a large arched doorway in the center. Add a crenellated parapet along the top of the main wall by drawing a row of small rectangular notches. Draw four corner towers as vertical cylinders, each topped with a triangular conical roof and a small flag. Add a taller central keep behind the main wall with its own conical roof and flag, then draw small windows on the walls and towers.
Use the separate practice sheet before checking the answer.
