How to Draw Barn — Free Practice Sheets

REFERENCE / CASE 1

barn: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

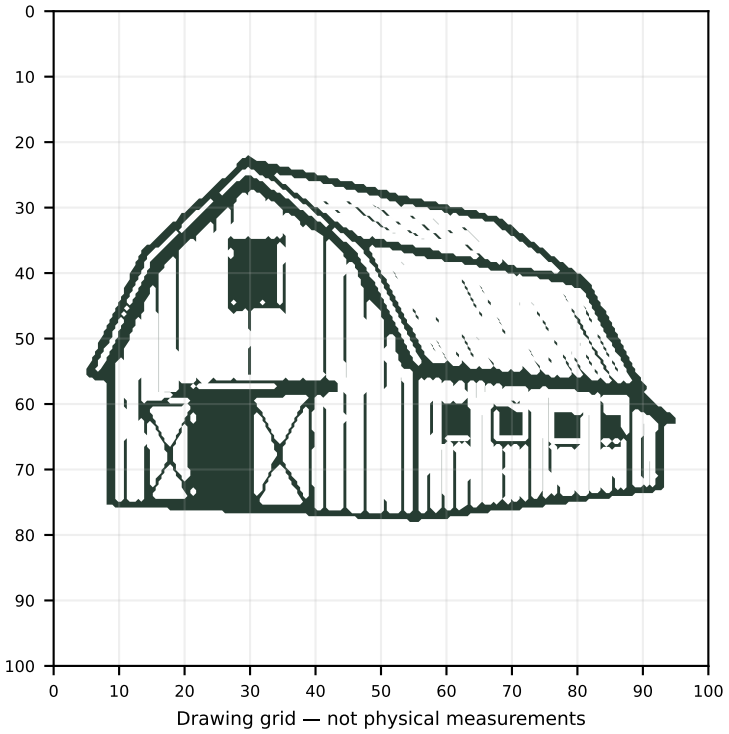

METHOD: Draw the gambrel roof outline as a wide pentagon-like profile with a shallow upper slope and steeper lower slope. Add the front facade rectangle beneath the roof, then place a large rectangular door opening in the center. Draw two cross-buck door panels flanking the central opening, each with an X made of diagonal lines. Extend the side wall to the right, add a row of small square windows, and finish with vertical siding lines.
Use the separate practice sheet before checking the answer.

How to Draw Barn — Free Practice Sheets

REFERENCE / CASE 2

barn: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

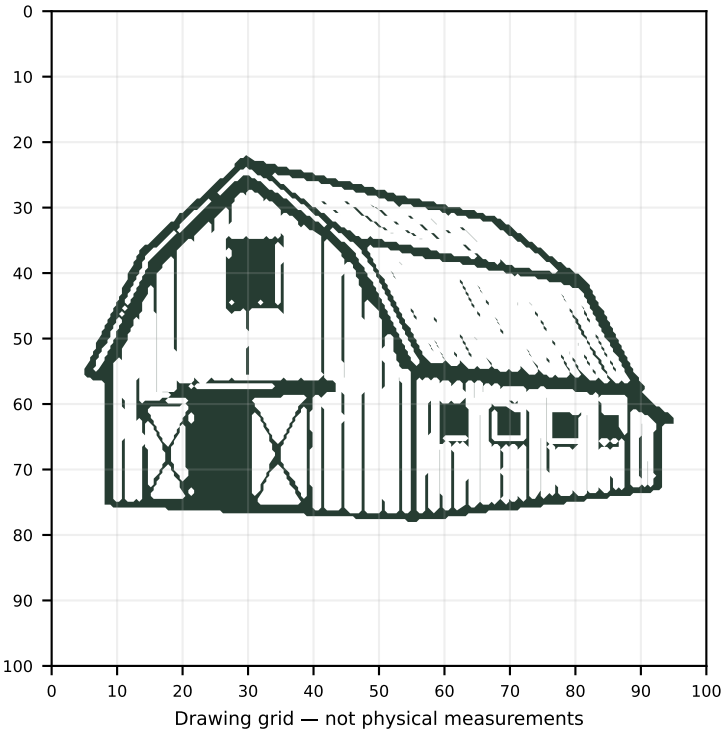

METHOD: Draw the gambrel roof outline as a wide pentagon-like profile with a shallow upper slope and steeper lower slope. Add the front facade rectangle beneath the roof, then place a large rectangular door opening in the center. Draw two cross-buck door panels flanking the central opening, each with an X made of diagonal lines. Extend the side wall to the right, add a row of small square windows, and finish with vertical siding lines.
Use the separate practice sheet before checking the answer.

How to Draw Barn — Free Practice Sheets

REFERENCE / CASE 3

barn: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

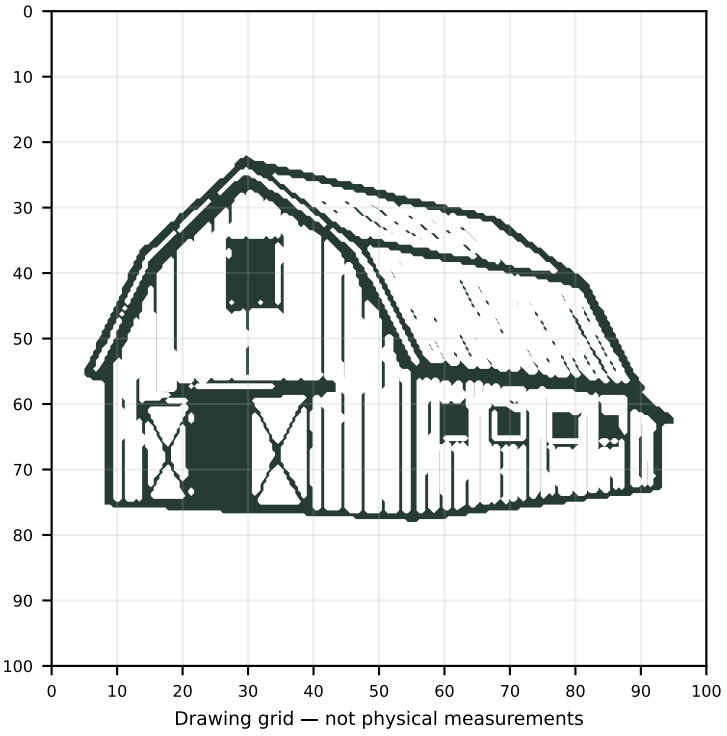

METHOD: Draw the gambrel roof outline as a wide pentagon-like profile with a shallow upper slope and steeper lower slope. Add the front facade rectangle beneath the roof, then place a large rectangular door opening in the center. Draw two cross-buck door panels flanking the central opening, each with an X made of diagonal lines. Extend the side wall to the right, add a row of small square windows, and finish with vertical siding lines.
Use the separate practice sheet before checking the answer.

How to Draw Barn — Free Practice Sheets

REFERENCE / CASE 4

barn: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the gambrel roof outline as a wide pentagon-like profile with a shallow upper slope and steeper lower slope. Add the front facade rectangle beneath the roof, then place a large rectangular door opening in the center. Draw two cross-buck door panels flanking the central opening, each with an X made of diagonal lines. Extend the side wall to the right, add a row of small square windows, and finish with vertical siding lines.
Use the separate practice sheet before checking the answer.
