How to Draw Cathedral — Free Practice Sheets

REFERENCE / CASE 1

cathedral: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

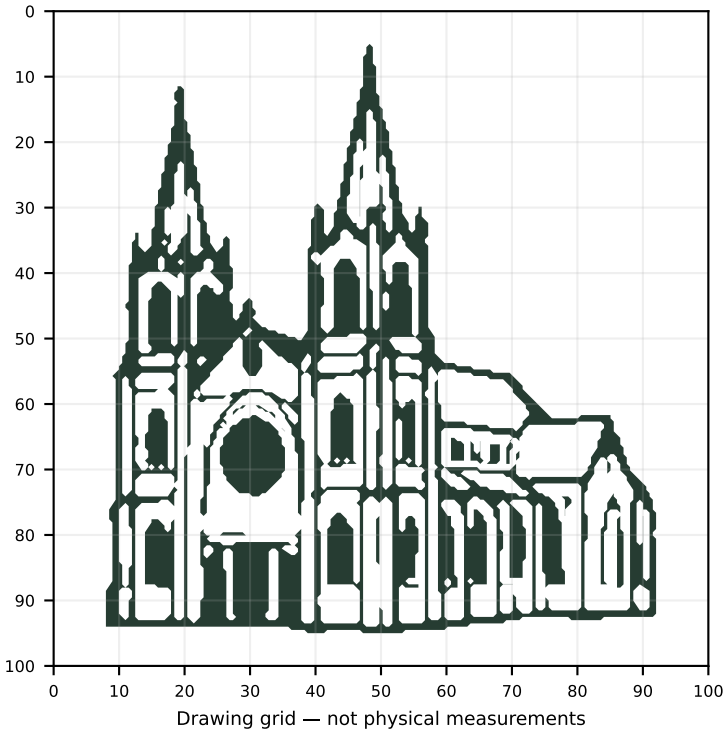

METHOD: Draw two vertical tower rectangles with pointed spires on top, keeping the right tower slightly taller. Add the central facade block between the towers and place a large circle for the rose window. Outline the lower side aisle to the right with a sloped roof and a row of pointed arch windows. Add pointed arch openings on the towers and a dark rectangular doorway at the base, then outline the whole silhouette.
Use the separate practice sheet before checking the answer.
