How to Draw Candy Cane — Free Practice Sheets

REFERENCE / CASE 1

candy cane: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

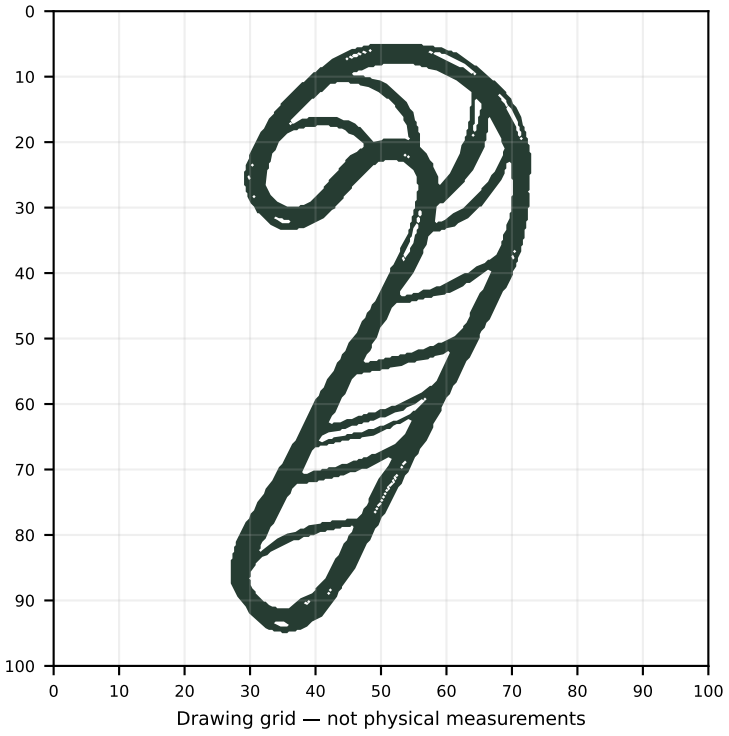

METHOD: Draw a thick, slightly tapered vertical shaft with a rounded bottom end. Extend the top of the shaft into a curved hook that loops back down and ends in a rounded tip. Add diagonal stripe lines across the shaft and around the curve, spacing them evenly. Outline the full silhouette with a bold contour and keep the stripes as interior lines.
Use the separate practice sheet before checking the answer.
