How to Draw Toast — Free Practice Sheets

ANSWER / CASE 1

toast: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

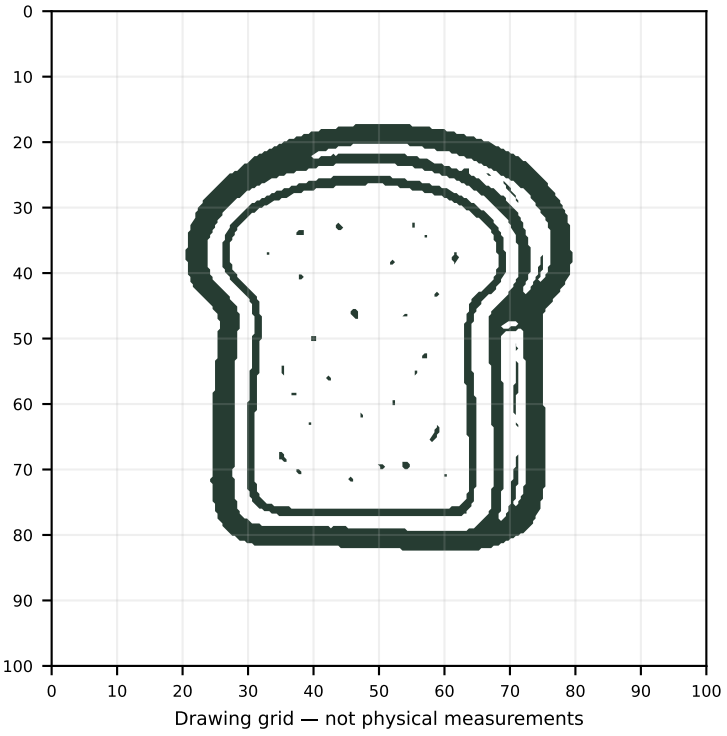

ANSWER: Example solution: preserve rounded square slice outline, thick browned crust edge drawn as a double border, flat top surface with small dot marks suggesting texture. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a rounded square for the main slice body.
2. Add a thick outer border around the slice to represent the crust.
3. Draw a second inner line parallel to the crust to show the crust edge.
4. Scatter small dots across the flat top surface for texture.
